# J. W. Colton's Nervine Strengthening Bitters!

*The great Appetizer, Strengtheners, and Regulator of the Nervous, Bilious, Dyspeptic, Weak, and cure for Headache. Also, to Purify and Enrich THE BLOOD.*

**PURELY VEGETABLE AND MEDICINAL.**

Prepared with great care, from a combination of Choice Vegetable Medicines, as a *Family Curative*, from *Childhood to Old Age*; always reliable, safe and effectual. When they had been sold but a few months, even, the praise received for them was very strong, many claiming "to give appetite," "to correct the Stomach after eating," "to build up and strengthen those run down," *Bilious, Weak, Liver Complaint, Jaundice, Kidney Troubles, Rheumatism, General Debility, Pain in the Side, Chest, or Stomach, Neuralgia, Etc.* To *Purify*, and *Enrich the Blood*, "to cure and prevent Headache," "to cure Indigestion and *Dyspepsia*," also to quiet *Nervous Weakness for Male or Female*. "They had never found its equal." Not designed to encourage or promote the miseries and evils of Intemperance, (the name "bitters" covers many vile compounds thus designed or used,) but **COLTON'S Nervine Strengthening BITTERS** may be relied upon for *Purity, Great Medicinal Strength and Efficacy*. ASK YOUR DRUGGIST OR DEALER FOR THEM.

## COLTON'S SELECT FLAVORS, OF THE CHOICEST FRUITS AND SPICES.

Introduced in a quiet way in 1860. In 1873 THOUSANDS OF GROSS have been sold to as fine a class of Dealers, Hotel Landlords, Confectioners, Families, Etc., as there is in this country, and in every

**CITY, TOWN, AND HAMLET.**

where thoroughly introduced, their DELICIOUS PURITY and GREAT STRENGTH have made them the FAVORITES with those who prize the best and most economical.

**MANY DEALERS**

who have for years sold other Flavoring Extracts, called best, (also those who have sold cheap extracts,) **TREBLE THEIR SALES** with COLTON'S SELECT FLAVORS, and place them in the FRONT RANK, as acknowledged

**THE FINEST IN THE MARKET.**

IT IS NOT CLAIMED that they are sold at the lowest prices per bottle, but IT IS CLAIMED that ONE-THIRD of the quantity is MORE THAN EQUAL to the ordinary Flavoring Extracts, and they are the

**TRUE DELICIOUS FLAVORS OF THE FRUITS.**

These Flavors cost but little more than other Flavoring Extracts. They are STRICTLY PURE, a Great Saving in the Actual Cost, and you GET THE BEST.

**SOLD BY GROCERS AND DEALERS.**

At Wholesale, in Springfield, Mass., by WEST, STONE & CO., and Wholesale Dealers in Choice Flavoring Extracts.

## Collegiate Institute!

### OLD COURT HOUSE,

FRONTING COURT SQUARE.

TUDENTS will be prepared for Scientific Schools, for College, or for Business. Superior advantages will be given to those who wish to take special courses.

The Departments of Telegraphy and Stenography will be opened at the beginning of the School year, early in September, and the best facilities will be furnished for the acquisition of practical skill in these arts.

The Modern Languages, Elocution, Penmanship, Drawing and Painting, will be taught by experienced and skillful teachers.

Students can receive private instruction. Arrangements are also made to accommodate evening classes.

For Circulars, please address

REV. M. C. STEBBINS, A. M., Principal.

## Springfield 1875-76.

THE publishers of the Springfield City Directory for 1875-76, add materially to its heretofore generous pages and greatly enlarge its field of operations by supplementing the City Directory proper, as heretofore published, with carefully prepared directories of its flourishing suburbs and neighbors, New West Springfield, Chicopee and Chicopee Falls; also business directories of these several places, and much other matter of general interest and usefulness to the business community and citizens as well, such as the location of streets, blocks, business centers, churches, school-houses, public officers, public and private organizations, etc, etc.

New and carefully revised maps—one of the city proper, with all changes and improvements up to the day of publication; one of New West Springfield and Mittineaque, one of Chicopee and one of Chicopee Falls, have been prepared expressly for the work, and have respectively appropriate places in the present issue.

Contrary to general expectation and expression, we count more names in the City Directory proper than we did last year, the figures standing this year 10,958 against 10,752 last year. This is certainly a gratifying exhibit of our city's growth and prosperity in the face of a long and serious period of business depression and stagnation.

We are gratified in being able to state that building is

livelier and more promising for the season this year than last. Some of the finest and most expensive business blocks ever erected are now being started, and will approach completion before the close of the year. Handsome residences are also springing up in various parts of the city, and the returns of the year will doubtless record the growth and progress of our building interests as in excess of the year previous.

It is safe to add here that in all the material elements of business life and growth, Springfield holds her own right valiantly and, as ever heretofore, stands ready to "increase and multiply" as long as there is any increasing and multiplying to be done.

SPRINGFIELD, July 1, 1875.

#### Fire Alarm Telegraph.

How to Give Alarm for Fire—Unlock the nearest box, pull down the hook once to the bottom of the slot, and let go. This gives the desired alarm all over the city, repeating the number of the box five times. Remain by the box a moment after giving the alarm, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that. Be sure the box is locked before leaving it. The box is of iron, and double, and the inner one is inaccessible, except to those in charge of the telegraph, and the Chief Engineer. One single stroke of the City Hall bell and engine-house gong is not given for an alarm of fire. Alarms will be sounded on the fire bells thus: For box 5, five strokes, 1-1-1-1-1, with short intervals, and repeating. For box 32, three strokes, 1-1-1, a pause, then two strokes, 1-1, a pause, and repeating. Alarms for other numbers are given in like manner. After an alarm from a box the police strike twenty-five or thirty blows on the City Hall bell as a general alarm.

When Steamer No. 3 is wanted at a fire in the vicinity of a box to which the company does not respond, *three blows* will be struck on the fire alarm. When Steamer No. 4 is wanted, *four blows* will be given. When *ten blows* are struck on the telegraph after an alarm of fire, the entire fire department of the city and the Government Steamer Waterspout will report at the fire without further notice.

CAUTION.—Never pull the hook while the bell or gong in the box is striking. Never touch the hook except to give an alarm of fire. Never signal for a fire at a distance, nor for a chimney. Inform yourself of the location of boxes and keys near you. Keys are in possession of responsible citizens near each box, and the police and Board of Engineers, of the Fire Department.

### Churches.

Location—Pastors—Time of Meetings—Membership—Historical Facts.

FIRST CHURCH OF CHRIST—Court square, between Elm and Court streets. Founded 1637. Rev. E. A. Reed, pastor; settled June, 1871; salary, \$4,000. Residence, 97 Spring street. Deacons, Benjamin Eldridge, (retired,) John R. Hixon, Roderick Burt, Charles H. Smith, Samuel R. Newell, Henry Morris, Austin L. Leonard. Superintendent of Bible service, the Pastor with Austin L. Leonard, J. L. Shipley and Amos Whiting as assistants.

Meetings—Sunday, at 10.30 A. M., with preaching. Bible service and Sunday school at 2.30 P. M. in Winter, and 3 P. M. in Summer, evening service in Winter at 7 P. M., and in Summer at 7.30 P. M. Monday evening, young people's prayer meeting at 7.30 P. M., in Winter, and 7.45 P. M. in Summer. Wednesday, female prayer meeting at 3 P. M. Thursday evening, regular church prayer meeting at the chapel at 7.30 P. M. in Winter, and 7.45 P. M. in Summer. Neighborhood prayer meetings are held in Wards One and Three, Wednesday evenings.

The former pastors of this church were: Rev. George Moxon (1637-1652), Rev. Peletiah Grover (1661-1692), Rev. Daniel Brewer (1693-1733), Rev. Robert Breck (1736-1785), Rev. Bezaleel Howard, D. D. (1785-1809), Rev. Samuel Osgood, D. D. (1809-1862), Rev. Henry M. Parsons (1854-1870).

The number of members is 696, of whom perhaps 70 are non-resident, and there are twenty-five over eighty years of age. The average attendance at Sunday morning service is 600; benevolent contributions for the year 1874 about \$7,024.73, of which amount \$690 was from the Sunday school, and \$2,754 by the women of the parish; raised for church purposes about \$8,000. The Sunday school numbers 592 with an average attendance of 370.

This society has recently built at a cost of \$32,000, a chapel containing class-rooms on the first floor with a seating capacity of 700. On the second floor are rooms for Bible service, parlors, pastor's study and kitchen.

A new feature is noticeable in regard to all the larger churches of the city. People realize somewhat, that while their busy pastor visits at once the sick whenever informed of such, and in other cases of need, he can not call on everybody who may expect him. Yet, that he may know of the welfare of all in his charge, and that newcomers especially may have kindly welcome and help, the parish is divided into districts, (for the First Congregational church there are thirty), and ladies appointed for each, who visit quarterly or oftener every family in the congregation.

Parish Committee—N. C. Newell, F. A. Brewer, Emerson Wight; Sexton, Oliver H. Perry. For seats, apply to H. E. Moseley, No. 10 Barnes' block.

OLIVET CONGREGATIONAL CHURCH—State street, opposite Armory grounds. Founded in 1833. Rev. L. H. Cone, pastor; settled in 1867; salary, \$2,500; residence, 82 Walnut street. Deacons, William A. Spooner, B. F. Quinby, George Dillingham, George B. Kilbon, George S. Savage; Sunday school superintendents, B. F. Quinby; assistant superintendents, F. W. Anderson and A. B. Forbes. Clerk, George B. Kilbon.

Meetings—Sabbath, 10.30 A. M., (Bible service and Sunday school;) 2.15 P. M.,

(preaching;) 7 P. M. in Winter, 7.30 P. M. in Summer, (prayer.) Monday evening, young people's prayer-meeting at 7.30 P. M. in Winter and 7.45 P. M. in Summer. Thursday night, church prayer-meeting, at 7.30 P. M. in Winter, and 7.45 P. M. in Summer.

This church is the second in age of its denomination in the city. Of the nineteen original members, but five are living, and three still connected with it. The membership is 295, average congregation, 400.

The Sabbath forenoon is given to the Bible service, (Sunday-school,) in which the pastor takes an active part. This is well attended, especially by the young, numbering 345.

Parish Committee—J. W. Hitchcock, E. D. Stock, Levi Moody, Orlando Chapin, Edward R. Lee; George S. Savage, clerk; Charles A. Ford, sexton; J. W. Hitchcock, treasurer and collector, 447 State street, to whom apply for seats. Committee on Music, E. D. Stock, J. W. Hitchcock.

SOUTH CONGREGATIONAL CHURCH—Corner Maple and High streets. Founded in 1843. Rev. S. G. Buckingham, D. D., pastor; settled, June, 1847; salary, \$3,000. Residence, 30 Howard street. Deacons, A. F. Cowles, O. W. Wilcox, E. H. Patch and Charles Marsh. Sunday-school superintendent, Edward P. Chapin; assistant superintendents, A. H. Kirkham, Mrs. E. H. Barnes, Miss H. T. Buckingham.

Meetings—Sunday, at 10.30 A. M., with preaching; 3 P. M., Sunday-school; 7.30 P. M., in Winter, and 7.30 P. M. in Summer, missionary concert first Sunday of the month, Sunday-school concert every third Sunday of the month, and preaching on other Sunday evenings. Thursday night, church prayer-meeting, at 7.30 P. M. in Winter, 7.45 P. M. in Summer. This church had but one pastor before the present one, Rev. Noah Porter, who was dismissed in 1847 to accept a professorship in Yale College, of which he is now President. The membership is 399, average attendance on the Sabbath, 400. The Sunday-school and mission schools number 663, with an average attendance of 439.

The mission Sunday-school, gathered by members of this church, near corner of Union street and Eastern avenue, occupies

the new Hope Chapel there, and meets on Sunday at 1 P. M. The membership is 300, with an average attendance of 210, none being received who also attend Sunday-school elsewhere, for want of room. There is a library of 800 volumes, and papers are supplied every week. A. H. Kirkham is superintendent; George R. Bond, secretary; Frank Kendall and Sanford Lawton, Jr., librarians. Regular preaching is sustained here on the Sabbath at 10.30 A. M. and 6 P. M., and well attended. The second Sunday evening of the month is usually given to the Sunday-school concert. Prayer-meeting Wednesday evening at 7.30 at Hope Chapel.

Long Hill Sunday-school meets in Faith Chapel, corner Fort Pleasant avenue and the "X" road, at 2 P. M., Sunday. It has 105 members. S. D. Burbank, its superintendent, and most of the teachers, are from the South Church. There is preaching in this chapel every Sunday evening at 7.30. Rev. S. P. Wilder, a graduate of the Yale Theological Seminary is to be located there and have charge of the enterprise for the coming year.

Parish Committee—Daniel L. Harris, W. L. Wilcox, J. Brewer, and H. S. Lee. Clerk, C. E. Booth. Treasurer, Charles Marsh. Sexton, J. N. Howard. Apply for seats to H. & J. Brewer, 463 Main street.

NORTH CONGREGATIONAL CHURCH—Salem street, opposite Elliott street. Founded in 1846. Rev. Washington Gladden, pastor elect; salary, \$3,500; residence, 33 Mattoon street. Deacons, Ephraim G. Norton, Oliver D. Morse, L. Sterns Stowe, Samuel K. Foster. Sunday-school superintendent, Oliver D. Morse.

Meetings—Sunday, 10.30 A. M., 7 P. M., from October to March inclusive, and 7.30 P. M. from April to September inclusive—with preaching. Social worship in chapel Thursday night at 7.30 P. M. from October 1 to April 1, and at 7.45 P. M. from April 1 to October 1. Young people's prayer-meeting Monday evening at same hours. Sunday-school at 12 M., at close of morning service; Sunday-school teachers' class at close of Thursday evening prayer-meeting. The communion service takes the place of morning service, on the first Sundays of January, March, May, July, September and November.

This church was organized in 1846 with 22 members, and held meetings at first in Frost's Hall, on Sanford street. The pastors preceding the present were: Rev. Raymond H. Seeley, D. D., 1849; dismissed 1853, to take charge of the American Chapel at Paris, France; Rev. James Drummond, 1858, removed by death, 1861; Rev. L. Clarke Seelye, 1863, dismissed to accept a professorship in Amherst College, 1865; Rev. Richard Gleason Greene, 1866, dismissed 1874. A colony of fifty-five members from this church, was organized into the Memorial Church, October 27, 1865.

The membership of the North Church, May 1, 1875, was 365. The number of separate families represented in the parish is 200; parishioners, regular or irregular in attendance, about 800; usual congregation, about 500. The Sunday-school numbers 250. The annual expenditure is not far from \$7,500.

The North Church Social Union was organized to promote the social interests of the church, by literary and musical entertainments. It is officered as follows: President, Dr. G. S. Stebbins; vice-president, C. H. Churchill; secretary and treasurer, John Norton; directors, Mrs. William Warren, Mrs. L. T. Peck, Miss Kate Johnson. Meetings every four weeks from October to June.

The mission Sunday-school, on York street, has its superintendent, James M. Cowan, from the North Church, and some of its teachers, with others from the First and the State Street Baptist. It meets at 2.15 P. M., Sunday, and numbers about 100.

Parish Committee—W. S. Marsh, C. J. Blackstone, W. M. Pomeroy, P. P. Kellogg, Henry Keyes; sexton, Francis Miller.

**SANFORD STREET CONGREGATIONAL CHURCH** (colored)—Sanford street. Founded in 1849. Pulpit vacant. Preaching every Sabbath at 3 and 7.30 P. M. The deacons are Isaiah J. Baptist and Charles Purvis, and the Sunday-school superintendent is Isaiah J. Baptist. There are 51 church members; average congregation, over 100. The Sunday-school numbers 70 scholars and nine teachers; average attendance 50. It meets at 2 P. M. There is also a prayer-meeting Thursday evening; ladies' prayer-meeting Tuesday evening, 7.30.

This church was originally Methodist, and the pastors, while it was connected with that denomination, were Revs. Leonard Collins, John N. Mars, George Spiwood, Daniel Vandever, John A. Williams, Samuel Gray, Robert R. Morris, William Butler and James A. Jones. In 1864, the church reorganized as Congregational, and Revs. W. W. Mallory and Samuel Harrison have been the subsequent pastors.

**CONGREGATIONAL CHURCH AT INDIAN ORCHARD**—Rev. William Hamilton pastor in charge from May 1, 1874. Deacon, Jacob S. Eaton. Sunday-school superintendent, Alexander Richmond.

Meetings—Sunday, 10.45 A. M., with preaching; Sunday-school at 12 M. Prayer-meeting Thursday evening.

The church membership is 43, of whom 18 are non-resident. The average attendance at church and Sunday-school is about 80. The house of worship is pleasantly situated upon a hill overlooking the village, and back of it and on either side is a fine grove, where outdoor services have been held in summer.

Parish Committee—C. J. Goodwin, H. K. Wight, Jason Giles. A. S. Howland, clerk.

**MEMORIAL CHURCH, UNION EVANGELICAL**—Round Hill, Junction of Main, North Main, Bradford and Plainfield streets. Organized October 29, 1865. Rev. W. T. Eustis, pastor; settled June 2, 1869; salary, \$4,000; residence north side of Round Hill. Deacons, J. D. Stratton, Joshua Grant, D. J. Bartlett, A. F. Niles. Sunday-school superintendent, C. S. Hurlbut.

Meetings—Sabbath, 10.30 A. M. and 3 P. M. in Winter, and in Summer the second service is at 6 P. M.; every second Sunday in the month the second service is one of praise. Seats free at afternoon service on the Sabbath. Sabbath-school at 11.45 A. M. Prayer-meetings, Sunday and Thursday evenings, in the chapel; young people's meeting, every alternate Wednesday evening.

The membership is over 250; the average congregation 600; and the Sabbath-school numbers about 450, with an average attendance of 300. The whole district north of the railroad is visited twice a year by the Sunday-school teachers, and all children not

connected with any other Sunday-school invited to attend. The contributions of the Sunday-school average about \$4 a session.

Memorial Young People's Society hold meetings every two weeks, from October till July, alternating literary and social entertainments. President, N. W. Fisk; vice-president, E. P. Piper; treasurer, William H. Miller; secretary, Clara Worthington.

The house of worship was built of Monson granite, in the gothic style, costing about \$120,000.

Parish Committee—George M. Atwater, C. L. Covell, J. C. McIntosh, John Olmstead, E. W. Shattuck. Clerk, A. E. Smith, of whom seats may be obtained. Sexton, Charles E. Cooley.

**CHURCH OF THE UNITY, UNITARIAN**—State street, above Maple. Founded in 1819. Pastor, Rev. A. D. Mayo, formerly of Cincinnati; salary, \$3,600; pastor, boards at Haynes' Hotel, and has his study at 8½ Foot's block. Sunday-school superintendent, F. S. Bailey.

Meetings—Sunday, at 10.30 A. M., vespers service, 7.30 P. M. Sunday-school immediately after morning service. Vacation for minister, six weeks in July and August. An efficient benevolent organization is connected with the church, which holds fortnightly afternoon meetings for charitable work, with evening social receptions during the Winter months.

This church was formed of a number of members who left the First Church because they held more liberal views than the pastor. They were incorporated as the "Third Congregational Society of Springfield." Jonathan Dwight, one of their number, gave to the society a meeting-house, built at his own expense, and of such dimensions and elegance as they directed. Other members subscribed \$16,000 as a permanent fund for the support of preaching. The pastors have been Rev. William B. O. Peabody, Rev. George F. Simmons, Rev. Francis Tiffany and Rev. Charles A. Humphreys.

The society is represented by 225 families and over 700 parishioners. The church membership is about 100; average congregation, 400. The Sunday-school has 140 pupils.

Parish Committee—James M. Thompson, George Dwight, John R. Smith, Oscar B.

Ireland, Homer Foot, Jr. Clerk, James A. Rumrill. Treasurer, George E. Frink.

**CHRIST CHURCH, EPISCOPAL**—State st., near junction of Chestnut and Maple streets. Founded in 1838. Alexander Burgess, D. Winchester, E. S. Allyn, Francis Norton, A. J. McIntosh, James D. Safford, J. H. Baldwin and Horatio W. Southworth; clerk, J. H. Morton; treasurer, Francis Norton.

Services—Sunday, 10.30 A. M., 7.30 P. M. The four mission Sunday-schools assemble at the church with the home school, for a children's service, at Christmas, Easter, and October 1st. Services are held also on all Saints' days, Wednesdays and Fridays at 10 A. M., and with lecture on Friday evenings at 7.45. During Lent and at some other periods of the year, services are held twice each day. Pews are had by application to the rector or treasurer.

Meetings held in the chapel at the United States Armory, and afterwards at the Town Hall, resulted in the organization of this church. The rectors, prior to the settlement of Dr. Burgess, were: Rev. Henry W. Lee, late Bishop of Iowa; Rev. Henry W. Adams; Rev. Abram N. Littlejohn, now Bishop of Long Island; Rev. William S. Child; Rev. George H. McKnight.

There are about 380 communicants, and 220 families in the parish. Five Sunday-schools are sustained; one at the church, with 270 members, Horatio W. Southworth, superintendent, and Bible classes; St. James' mission Sunday-school, meeting at Oak street school-house, John Thonger, superintendent; St. Peter's, meeting at Central street school-house, J. Louis Stebbins, superintendent; St. John's, meeting at Auburn street school-house, J. E. Shipman, superintendent; and one at the Chapel of the Good Shepherd, West Springfield, Charles Ely, superintendent. The mission Sunday-schools number 250 members. Two flourishing sewing-schools are connected with the missions. One of these has ninety scholars.

A new stone church to accommodate a thousand persons is in progress. The corner stone was laid on November 10th, 1874, and the walls at the 1st of May were laid to about twenty feet above the surface of the ground. The cost of the edifice complete will be about \$65,000, nearly the whole of which is subscribed. The new rectory is already completed and is occupied by the rector and family.

**FIRST BAPTIST CHURCH**—Corner of Main street and Harrison avenue. Founded in 1811. Rev. George E. Merrill, pastor; installed October 3, 1872; residence, 60 High street; salary, \$3,000. Deacons, Harvey Foster, John E. Taylor, Isaac E. Williams, H. C. Martin. Sunday-school superintendent, H. H. Bowman.

Meetings—Sunday, 10.30 A. M., with preaching. Sunday-school at 12 M.; prayer-meeting at 7 P. M., in lecture-room, with address by the pastor. The pastor gives frequent lectures on Sunday evenings in the large audience room; such lectures are always duly announced in the daily papers. Monday evening young people's meeting, and Thursday evening prayer-meeting. The two last at 7.30 P. M., in Winter, and 7.45 P. M. in Summer.

The membership of the First Baptist church is 462. The Sunday-school numbers about 275. The mission Sunday-school in Carlisle district (S. F. Merritt, superintendent) has 30 pupils and teachers from this church; and the Sunday-school in Emery street school-house (O. B. Douglas, superintendent) numbering about 80, meets at 3.30 P. M., and is supplied with library and papers. A chapel for the accommodation of this latter school is soon to be erected.

**STATE STREET BAPTIST CHURCH**—State street, opposite Dwight street. Organized in 1864. Rev. A. K. Potter, pastor; installed January, 1865; salary, \$3,000; residence, 28 School street, near Mulberry. Deacons, Nathan G. Corning, John H. Lawton, Alpheus Hawkes, Jonas H. Hastings, D. M. ### Women's Christian Association.

Room, Hurlbut's block, 344 Main street. Officers—President, Miss I. C. DeVelling;

1st vice president, Mrs. Homer Merriam; 2d vice-president, Mrs. Josiah Hooker; recording secretary, Mrs. A. M. Butterfield; corresponding secretary, Mrs. S. D. Hollister; chairman of committee on boarding-house and employment, Mrs. Homer Merriam, 367 State street.

The object of this Association is the improvement of the religious, intellectual, social and temporal welfare of women in this city, especially of young women. To those who are supporting themselves here, away from their own homes, its open and free reading-room and sociables afford pleasant recreation and rest. An opportunity is thus afforded them for making acquaintances and friends. Pastors and parents in other towns would help the work, by giving to their young women, coming to Springfield for employment, letters of introduction to this society. Assistance in finding suitable boarding-houses and employment is given, and also attention in sickness. A prayer-meeting is held every Tuesday by the ladies of the Association, in Winter at 3, and in Summer at 7 P. M. A sewing school meets at its rooms once a week, on Saturday afternoon. The object of this school is the instruction of young girls in sewing. Materials are furnished, and such garments as are made by the pupils are given them.

Applications for watchers for the sick should be made to either of the following-named: Mrs. J. F. Chapman, 30 Bliss street; Miss Mary Morris, Maple street; Mrs. R. E. Ladd, 716 Main street; Miss Mary A. Fuller, 62 Auburn street; Miss Roxana Chapin, Massasoit House; Mrs. N. Cate, Walnut street.

### Young Men's Christian Association.

Organized in 1864. Rooms at present in Hurlbut's block, 344 Main street; open every week day and evening from 9 A. M. to 10 P. M.; free to all. The association contemplates during the present year opening larger and more attractive rooms and thereby enlarge their sphere of usefulness. The reading-room is supplied with the leading daily and weekly papers, secular and religious, and the most popular magazines.

Strangers, and especially those who have just come to the city to reside, are cordially

invited to visit the rooms. George F. Greene, at Packard's Clothing House, chairman of the committee on visiting the sick, and D. B. Montague, corner of Main and Bridge streets, chairman of the committee on boarding-houses and employment, will cheerfully render any service to all who may call for assistance.

Evening entertainments of a social or musical character, or both, are occasionally held at the rooms, and are always well attended.

A preaching service is held at the rooms every Sunday afternoon at 3 o'clock, conducted by the pastors of the city. Prayer-meetings are held every Sunday at 6 P. M. for one hour; week-day meetings at 4.30 P. M. During the warm weather out-door meetings are held at the depot, Hampden Park, and other points in the city on Sabbath afternoons, conducted by the members of the association. A cordial welcome is extended to all who come in.

The officers of the Association are as follows: President, Milton Bradley; vice-presidents, D. B. Montague, D. F. Parker; secretary, W. B. Parker; treasurer, H. H. Bowman; general secretary, Sumner J. Lincoln. Office hours, 11 to 12 A. M., and 1 to 3 P. M. at the rooms.

### Homes for Friendless Women and Children.

The Home for Women at No. 62 Union street, and the Children's Home on Buckingham street, are under the direction of the same corporation, which was organized in 1865.

The present officers are: President, Mrs. William Rice; vice-presidents, Mrs. S. Merrick, Mrs. George Walker; clerk, Mrs. Josiah Hooker; treasurer, Mrs. Heman Smith; corresponding secretary, Mrs. J. R. Hixon; auditor, Mr. Charles Marsh. Annual meeting the second Wednesday in October.

For several years the Home in Union street was used for both women and children, but the number of inmates increased till there was not room to contain them, and the Children's Home was erected in 1871; since which time the house in Union street has been used for women only, or for mothers with infants.

The house on Union street was originally purchased for \$5,000, and the cost of the building on Buckingham street was \$16,000. All this amount was raised by the liberal subscriptions of the citizens of Springfield, aided somewhat by those of neighboring towns.

Since the occupation of the Children's Home, the number of inmates has largely increased. The greatest number at any one time was 45. The average number the past year has been about 30. The expense of sustaining the institution has been proportionately increased, but the citizens respond with corresponding generosity to the calls of the managers, for they are confident that a good work is well done in these institutions.

Application for admission may be made at the meetings of the managers on alternate Fridays, or at other times, to any of the officers of these institutions.

### The Public Schools.

Superintendent, A. P. Stone. Office, City Hall; office hours, 12 to 1 P. M., during school days, and from 10 to 12 on Saturdays.

There are 128 teachers employed in our public schools, and 12 in evening schools. The number of pupils in the day schools the past year was 5,448, and in evening schools, 404. The total value of school-houses and lots in the city is \$532,000, and a large sum is expended annually for improvements and repairs to keep the schools up to their present standard. Yet by common consent, the money yields handsome returns, even according to a mere pecuniary view of the matter. For many people are induced to come here and settle, because of the attractive, well-furnished school-buildings and neat yards, and especially because of the superior educational advantages the children may have here. There are no vacant school-rooms, except in remote districts. From the north and south portions of the city, as well as from the center, there is a call for more room. It is certainly a healthful sign. There are also a few hundred pupils in private schools. But the instruction given in our public schools is so thorough, and the training so excellent, that

the attendance is not likely to be diminished by any rival efforts.

Except on Worthington street, each of the large school-houses is occupied by a grammar school, divided into several grades, as the different attainments of the pupils require. Around this, in the smaller old school-houses, are the primary schools of the group. On Worthington and Central streets, the grammar school and primaries are in one building.

Children beginning in the primary school, in three years are prepared for the grammar school; here they study five years, rising through successive grades to the High School, where, in four years more, they are fitted for college, or the seminary, and so well fitted that Yale, Harvard and the other colleges readily admit pupils from here, and sometimes into advanced classes.

There is one ungraded school, and to this the truant officers, by kind and judicious efforts, gather many children who would otherwise lose the advantages of education. The truant school is at the almshouse.

The training school on Union street, west of Main, is found of great advantage to inexperienced teachers, who receive a smaller salary, and are here qualified to fill responsible positions as vacancies occur.

In the High School, scientific subjects receive more attention than formerly. Apparatus valued at \$3,500 is provided for instruction in philosophy and chemistry; and lectures, connected with these branches are given every Friday afternoon. There is also a free draughting school in which there are 157 pupils.

Below will be found the location of the different schools, names of teachers, salaries and number of pupils, including changes to May first, as to increased compensation and teachers:

### Rod and Gun Club.

This society is an organization having for its object the enforcement of all laws and ordinances, for the protection of game and fish, promotion of skill in shooting and fishing, for the restocking of our forests and

streams with game birds and fish. For mutual improvement and the fostering of public opinion in all that relates to the better preservation of game birds, animals and fish. It is officered as follows:—President, E. H. Lathrop; vice-president, D. B. Wesson; secretary and treasurer, R. O. Morris. These officers with B. F. Bowles and John F. Harrison, constitute the executive committee. The society held a very successful bench show of dogs in April, at the City Hall.

### The Springfield Scientific Association.

Officers—President, M. C. Stebbins; vice-president, A. C. Townsend; secretaries, Dr. Josiah Jordan, Miss I. C. De Velling; treasurer, C. A. Emery; directors, Luther Clark, S. M. Allis, Mrs. Folsom.

The association holds its regular meetings, which are open and free to the public, on alternate Wednesday evenings, at rooms of the Young Men's Christian Association. Meetings are suspended during July and August. The exercises at the regular meetings consist of papers and discussions upon scientific subjects.

During the Summer and Fall, excursions are made to localities of special scientific interest. The society has also secured each year one or two courses of popular scientific or historical lectures, from men eminent in their several departments.

### Library and Museum of Natural History.

Located in new Library Building on State street, above Chestnut, and open daily. The number of volumes, May 1, 1875, was 36,500, exclusive of unbound pamphlets; 1,600 volumes have been added the past year. The Directors intend to purchase all the new works of popular interest as they appear, and are also continually adding to the Library standard works of permanent value in the various departments of literature, science and art. Subscribers paying one dollar are entitled to the use of the Library, for one year, and can draw one volume at once, and exchange twice a week at the Library hours.

The Library is open on Monday from 12 o'clock to 9 P. M., and on every other week

day, except the legal holidays, from 10 A. M., until 9 P. M.

The new catalogue is furnished to subscribers for use in the Library, and is also for sale to those who wish to purchase.

Catalogue slips will be printed each quarter, containing a list of the new books purchased during the previous month.

Officers—President, Daniel L. Harris; vice-president, E. W. Bond; secretary, William Rice; treasurer, J. D. Safford; directors, George E. Howard, Chester W. Chapin, J. M. Thompson, George Walker, Charles Merriam, Charles O. Chapin, James Kirkham, O. H. Greenleaf, John B. Stebbins, Samuel Bowles, George Walker, the Mayor of the city, President of the Common Council and the Chairman of the School Committee. Auditors, J. H. Appleton, R. F. Hawkins; librarian, Rev. William Rice; assistant librarians, Mrs. J. R. Tiddy, Miss H. A. Sturtevant.

The new Library building ranks among our finest public edifices, and cost, with the land, about \$100,000. It was designed by George Hathorne of New York, and built of brick, with facings of granite and Ohio stone; it stands 60 feet from the street, and is 100 feet long and 65 wide. The Museum occupies the first floor, and above is the Library proper.

MUSEUM—Curators, C. A. Emery, C. W. Bennett, George Dimock, J. A. Allen and Solomon Stebbins. The Museum is now rearranged in the new Library building, and is open to the public on Wednesday and Saturday afternoons from 3 to 5. This institution originated in 1860 with the Library Association, and occupied two rooms in the City Hall. It has about 1,500 species, and upwards of 3,800 specimens of shells, classified by Dr. George A. Otis, formerly surgeon of the 27th Massachusetts Regiment; also 9,000 specimens of insects; 1,000 specimens of stuffed birds; 120 stuffed quadrupeds, including two enormous wildcats, killed in this county; 115 species of fish and reptiles; small cabinets of coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities, and several flags and various other trophies captured from the Southern rebels by our home troops. Additions are frequently made by the generosity of our citi-

zens. Donations for the Library or Museum may be left with the librarian, Rev. William Rice.

### Licenses and Stamps.

Licenses of various kinds are required for certain dealers and peddlers, before they can do business. The provisions of law in the matter are somewhat numerous, and are changed from time to time by new legislation. Some perplexity results, and it is said that people violate the statutes, in this matter, without knowing it, and have to suffer by forfeitures and fines. It has, therefore, been desired that the essential portions of the license laws, as affecting business people, be published here for ready reference.

MANUFACTURERS OR DEALERS IN CIGARS, TOBACCO OR LIQUORS, contribute very largely for the support of the government, and what is required of them by the last enactment is thus stated by the Commissioner of Internal Revenue:

"The law of December 24, 1872, requires every person engaged in any business, avocation or employment which renders him liable to a special tax, to procure and place conspicuously in his establishment or place of business a stamp denoting the payment of said tax before commencing business. The taxes embraced within the provisions of the law above quoted are the following, viz: Rectifiers, \$200; dealers, retail liquor, \$25; dealers, wholesale liquor, \$100; dealers in malt liquors, wholesale, \$50; dealers in malt liquors, retail, \$20; dealers in leaf tobacco, \$25; retail dealers in leaf tobacco, \$500; and on sales of over \$1,000, fifty cents for every dollar in excess of \$1,000; dealers in manufactured tobacco, \$5; manufacturers of stills, \$50; and for each still manufac-

tured, \$20; and for each worm manufactured, \$20; manufacturers of tobacco, \$10; manufacturers of cigars, \$10; peddlers of tobacco, first class (more than two horses), \$50; peddlers of tobacco, second class (two horses), \$25; peddlers of tobacco, third class (one horse), \$15; peddlers of tobacco, fourth class (on foot or public conveyance), \$10; brewers of less than 500 barrels, \$50; brewers of 500 barrels or more, \$100."

**PEDDLERS.**—Extracts are given below from the fiftieth chapter of the Revised Statutes of Massachusetts, but changed essentially, in some portions, by subsequent amendments. The emendations up to the present time are here presented.

No license is required for peddling some articles, as appears from the following in the chapter mentioned above: "*Section thirteen*—Any person may go about from town to town, or from place to place, or from dwelling-house to dwelling-house in the same town, exposing to sale or selling fruits and provisions, live animals, brooms, agricultural implements, fuel, newspapers, books, pamphlets, agricultural products of the United States, and the products of his own labor or the labor of his family," but, "no articles of the growth or production of any foreign country" are included in this free permit. Minors may be required to procure a license before they may sell articles that adults can sell without license, if a town or city by vote so direct.

Honorably discharged soldiers and sailors, partially disabled by wounds or sickness in the service of the United States, may obtain a special State license to peddle without paying anything therefor, on applying to the Secretary of the Commonwealth, and presenting satisfactory proofs of such service, disability and discharge, and of personal identity.

Peddling is forbidden by law, in the case of certain articles, as will be seen, from *section fifteen*: "The sale of spirituous liquors, playing cards, indigo, and feathers, in the manner specified in section thirteen, is prohibited."

How to obtain a license for peddling, what must be paid for it, what sort of a "character" is needed, and what things may be dealt in, are set forth by the law in the chapter referred to, as amended at various times, in words following:—"Section six-

*teen*—The Secretary of the Commonwealth may grant a license to go about exposing to sale and selling any goods, wares or merchandise, not prohibited in the preceding section, to any applicant who files in his office a certificate signed by the mayor of the city or a majority of the selectmen of a town, stating that to the best knowledge and belief of such mayor or selectmen, the applicant therein named is a citizen of the United States, or has declared his intention to become a citizen of the United States, and is of good repute for morals and integrity.

The mayor or selectmen, before granting such certificate, shall require the applicant to make oath that he is the person named therein; that he is a citizen of the United States, or has declared his intention to become a citizen of the United States; which oath shall be certified by a justice of the peace and accompany the certificate. Every license so granted shall bear date the day it is issued, and shall continue in force one year and no longer. *Section seventeen*—The secretary shall cause to be inserted in every license the names of such cities and towns as the applicant selects, with the sum to be paid to the respective treasurers thereof of annexed, and shall receive from the applicant one dollar for each city or town so inserted. Every person so licensed may sell as aforesaid any goods, wares and merchandise, not prohibited in section fifteen, in any city or town mentioned in his license, upon first paying the sum so required to the treasurer of such city or town, who shall certify on the face of the license the sum so received. *Section eighteen*—Every person licensed under the two preceding sections shall pay to the treasurer of each city or town mentioned in his license, the sums following: For every town containing not more than one thousand inhabitants, according to the United States census next preceding the date of his license, three dollars: for every town containing more than one thousand and not more than two thousand inhabitants, six dollars; for every town containing more than two thousand and not more than three thousand inhabitants, eight dollars; for every town containing more than three thousand and not more than four thousand inhabitants, ten dollars; for every city and town containing more than four thousand inhabitants, ten dollars, and one dollar for every one thousand inhabitants

over four thousand contained therein; but the sum so to be paid to a treasurer shall in no case exceed twenty-five dollars. *Section nineteen*—Any person resident, paying taxes upon his stock in trade, and qualified to vote in a city or town, may there expose to sale and sell goods, wares or merchandise, upon obtaining a license pursuant to the provisions of sections sixteen and seventeen, and shall not be required to pay to the treasurer of such city or town any sum therefor."

For a special State license, fifty dollars must be paid the secretary of the commonwealth; and for a county license, one dollar to the secretary for each county taken, and an additional sum to the treasurer of such county, varying in amount from four dollars for the richest county, to one for the poorest county. Licenses may be transferred.

Peddlers must post and show licenses, as will be seen by the following:—"Section twenty-four—Every person licensed to peddle as hereinbefore provided shall post his name, residence, and the number of his license, in a conspicuous manner upon his parcels or vehicle, and when such license is demanded of him by any mayor, alderman, selectman, town or city treasurer or clerk, constable, police officer, or justice of the peace, shall forthwith exhibit it, and if he neglects or refuses so to do, shall be subject to the same penalty as if he had no license. So much of this chapter as relates to hawkers and peddlers, or a synopsis thereof, shall be printed on every license."

Forfeitures for violation of this law are from fifty to one thousand dollars. Half the money thus obtained goes to complainant.

**PAWNBROKERS, DEALERS IN OLD JUNK, AND INTELLIGENCE OFFICES**, must procure license annually from the Mayor and Aldermen; and if they fail to do it, heavy forfeitures are incurred.

**OWNERS OF DOGS** must annually pay \$2 to City Clerk the first of May, for license of a male, and \$5 for a female. A penalty of \$15 against an owner, and of \$100 against an officer for not complying with the law.

**OTHER LICENSES** obtained from Mayor and Aldermen, are numerous, and are required for refining, storing or selling kero-

sene; for hackmen and truckmen; for innkeepers; for auctioneers; and for erection of new buildings, etc.

### Hampden Park Association.

### Springfield Water Works.

The works are in charge of a Board of Water Commissioners, consisting of Charles O. Chapin, Lawson Sibley, and Samuel D. Porter, whose respective terms of office are three years, two years, and one year, from January 1, 1875. Charles O. Chapin is president and Samuel D. Porter secretary of the Board; Phineas Ball, engineer; J. C. Hancock, superintendent; G. F. Farmer, collector. Office, 18 Barnes' block. The supply of water for the low service is taken from the reservoirs bought of The Springfield Aqueduct Company, and the high service is supplied from the new reservoir at Ludlow. The storage capacity of the three low service reservoirs is as follows, viz:

	GALLONS.
Lower Van Horn Reservoir,	73,655,000
Upper Van Horn Reservoir,	27,952,000
Lombard Reservoir,	8,970,000
	110,577,000

The capacity of the Ludlow reservoir is 2,132,817,000 gallons, making an aggregate storage capacity of two billion two hundred and forty-three million three hundred and ninety-four thousand gallons.

The operation of the steam pump at Brightwood has been discontinued, but it will be kept in place for the present in case of emergency.

Annual rates for water—dwelling-house, for one family, \$8; two families, \$12; \$4 additional for bathing tub. Store, \$4; office, \$2; hotel, \$50 to \$250; manufacturing establishments, 75 cents for each employe. Stationary steam engine, working not over ten hours per day to twenty horse power, \$5; over twenty horse power, special rates.

Private stable for one horse, \$4; each additional horse, \$2. Livery stable, for each horse, \$2; building purposes, 10 cents for each hundred thousand brick used. Rents due on the first of April and October, and payable at the office.

The offices of the Company will sometime during the year be removed to a new building about to be erected at 39 Bridge street.

### United States Armory.

Commanding officer—James G. Benton, Colonel Ordnance Corps; Assistants to Commanding Officer, Captain J. P. Farley, Brevet Major G. W. McKee, Captain G. D. Ramsay, First-Lieutenant Henry Metcalf, and First-Lieutenant J. Rockwell, of the Ordnance Corps; Ordnance Storekeeper and Paymaster, Major Edward Ingersoll.

The arsenal, offices, store-houses and principal shops are on nearly the highest ground in Springfield, on State street, and command a fine view of the Connecticut River and the surrounding country. The heavier operations required are carried on at the Water Shops on Mill River. Probably in no other part of the world has the manufacture of muskets been carried to such perfection. The breech-loader, model of 1873, which has been made here, was the combined result of the inventions and improvements applied by the government and the highest skill displayed by private enterprise, and it is probably the best breech-loading arm in the world.

The principal work done at the Armory, the past year, has been the manufacturing of rifles and carbines. To results thus obtained by the government, private manufacturers are largely indebted, and would not themselves, in many cases, undertake the processes by which important facts have been demonstrated that materially benefit them. Making a liberal allowance for all items of expenditure, labor, superintendence, depreciation, condemned work, interest, etc. guns were manufactured here through the war at a cost of only \$11.70 each, while similar arms from contractors cost \$20 each, besides charges for proving and inspection.

The chief arsenal of the government for small arms is here, and there are now stored in it about 275,000 fire-arms of various kinds for the military service.

Most of the men work by the piece. The

eight-hour law prevails, the working hours being from 7 A. M. to 4 P. M. in Summer, and 7.30 A. M. to 4.30 P. M. in Winter.

During the war about 3,000 men were employed here, turning out about 1,000 muskets daily, but requiring some portion of the works to be run nights.

The machinery for the manufacture of the enormous Hitchcock gun is completed, and experiments made thus far go to show the complete success of the undertaking. More than \$75,000 has been expended in getting ready to make the gun.

### The Alms-House and the Poor.

The Alms-house and City Farm are on Boston road, two miles from City Hall, and are under the care of Mr. A. S. Pease. From 41 to 51 poor people have been supported here the past year. Temporary outdoor relief, in food, fuel, etc., was given to about 700 or 800 persons, by the Overseers of the Poor. The Truant School is also at the Alms-house, with Miss L. A. Bascom as teacher.

The city's hospitality has been dispensed to 1,304 persons, at the City Hall, during the year ending April 30, 1875.

### Jail and House of Correction.

Located on State street, opposite St. Michael's church. Jailor, A. M. Bradley, salary, \$1,000; assistant jailor, H. H. Carter, salary, \$900; chaplain, Rev. William Rice, salary, \$300. There are, on an average, about 120 prisoners here, a few of whom are females. Of 800 committed to the house of correction last year, 650 were for drunkenness. Those under sentence make slippers, turning out about 1,200 pairs daily. Their labor is contracted for by L. C. Smith, at \$48 per year for each person in house of correction. The order and neatness which prevail are heartily commended by the legislative committee, as also are the humane and intelligent management. Meeting on the Sabbath with preaching at 9 A. M. Sunday-school, conducted by the chaplain, at 4 P. M., to which visitors are not admitted, unless they aid in this service. A library has been added the past year, by the generosity of our citizens, and consists now of about 500 volumes. A yard has

been made west of the jail to furnish opportunity for exercise to the prisoners. It is 108x32 feet in size.

### City Hospital.

Located on Boston road, east of the Armory. Superintendent and Matron, Mr. and Mrs. Jonah Stiles. Patients pay \$5 per week, and have excellent care and good quarters; if so sick as to need extra nurses, an additional charge is made for these, and also for medical attendance.

### Springfield Gas Light Company.

Organized 1848; capital, \$500,000. President, James M. Thompson; Superintendent,

George Dwight; Treasurer, J. D. Brewer; Clerks, J. L. Hallett, Ira B. Allen. Office in Savings Bank block, corner Main and State streets. Thirty miles of street mains have been laid, supplying the city from beyond Mill river to Brightwood, and from the Connecticut River to Lake Como. There are 2,100 consumers of gas, and about 500 public lamps. The greatest amount used in one day, as yet, was 250,000 feet. Price, \$3.30 per 1,000 feet.

### Hampden District Medical Society.

Instituted 1840. Composed of the Fellows of the Massachusetts Medical Society residing in Hampden County. President, Dr. William J. Sawin of Chicopee Falls; Vice-president, Dr. H. G. Stickney of Springfield; Secretary, Treasurer and Librarian, Dr. George S. Stebbins of Springfield. Annual meeting, first Tuesday in May; quarterly meetings, first Tuesdays in August, November and February, usually held in Common Council room, City Hall, at 2 P. M. The membership is about fifty.

### Hacks.

Every hackney carriage is required to have a license from the city the first of April each year, for which \$1 is paid. The number of the license must be conspicuous on the carriage, and also posted inside, with the owner's name and the rates of fare.

The latter are fixed by law at 40 cents for one adult, 75 cents for two, and 25 cents for each additional person; children between the ages of four and twelve are carried for half fare. These rates are for limits extending south to Mill River, east to Walnut street, and north to City Farm beyond North street, and are for day service. Beyond these, only reasonable additional charges are allowed to be made.

Each passenger is allowed to carry one trunk, valises, parcels, etc. without charge, but for each additional trunk, he shall pay 10 cents if demanded.

### Indian Orchard.

This thriving village is in the north-east part of Springfield, on the Chicopee River. It is one mile north of Indian Orchard sta-

tion on the Boston and Albany Railroad, and seven miles from the City Hall. The ride there may be pleasantly made from the Massasoit House in twenty minutes, any week-day morning, all the way by cars. A stage-ride a mile farther brings one to Jenksville in Ludlow, which is "set on a hill," while below is Chicopee River, the boundary line of Springfield on that side.

Indian Orchard (see map in front of DIRECTORY,) is laid out with straight, wide streets, crossing each other at right angles, and contains over 1,800 inhabitants. There are two dry-goods and millinery, one clothing, four grocery and two apothecary, a boot and shoe manufactory and three stores in the same line; a cigar manufactory and store, a wheelwright shop, two livery stables, two meat markets, one fish market, one tin store, one hardware store, and one flour, feed and agricultural tool store, post-office, two hotels, Library Hall, two cotton mills, one omnibus line, and a horse railroad, reservoir, gas-works, etc. A number of new buildings have been erected the past year, including a French church costing some \$15,000. Mr. G. H. Chapman of Chicopee, and H. K. Wight of Indian Orchard, are erecting, on the corner of Main and Oak streets, a three-story brick block, the lower floor of which will be occupied by stores, and above them will be a public hall, offices, etc. On the land next west of this block the same parties are preparing to build a smaller block to be occupied by stores and tenements. Mr. Lucius Simonds has nearly completed a large two-story tenement house on Worcester street, and Messrs. A. E. Lyon and William Kent have each recently finished and occupied dwelling-houses on Oak street. During the coming season there will be a number of buildings erected for tenements and other purposes, and will doubtless prove to be good investments, as there is now a scarcity of tenements and a

prospect of a greater demand to accommodate the employes of the new shops and the increased help of the Indian Orchard mills, made necessary by the enlargements of one of their mills. The railroad from Athol to Springfield adds much to the prosperity of this village, and a branch to Chicopee Falls has been proposed.

Indian Orchard mills and much of the land in this vicinity are owned by J. C. Howe & Co. of Boston; Charles H. Dalton is President of the corporation, and Edward Atkinson, Treasurer, both gentlemen belonging to Boston; Charles J. Goodwin is Superintendent, and A. S. Packard, Paymaster. This corporation has made an extensive addition to their No. 2 mill, which will materially increase the capacity, and necessitate employing new help. The mills, with the above addition, contain 1,145 looms and nearly 50,000 spindles, and turn out from 160,000 to 170,000 yards per week of shirtings, denims, and sheetings; two kinds of the latter are made, one of standard quality, the other a lighter fabric.

A new enterprise in this village is the Chapman Valve Manufacturing Co., with a capital stock of \$75,000. John T. Langford of Boston, is Treasurer and Agent, and Jason Giles is Superintendent. The buildings comprise a three-story brick shop, 100 feet by 35, and a brick foundry 70 feet by 40. These buildings were erected for this company by the Indian Orchard mills, and leased to them for a term of years. They manufacture steam and gas valves, which are said to rank as well if not better, than those of any other manufacture. Their shops have been running but a short time, and the demand is such that it is difficult to fill the orders. There are now about 50 hands employed by this Company, but this number will be increased to 100 as soon as the necessary machinery can be put in, and provision made for the new help.

(ESTABLISHED FOR THE COPPER-FACING OF TYPE ONLY.)

FONTS OF THREE THOUSAND POUNDS GUARANTEED IN A WEEK.

*More than Four-Fifths of the advantages derived from the Improvement we give to the Trade, and for less than Twenty per cent. we do the Labor.*

No. 82 BEEKMAN ST., NEW YORK,  
May 28, 1857.

To the Newton Copper Type Company.

GENTLEMEN—I have now thoroughly tested your improvement (having had it in use for more than four years.) I have found it to preserve the original sharpness and form of type remarkably, and for my purposes (stereotyping and electrotyping) I think the Coppered type will do at least THREE times the work of the uncoppered.

Yours truly,

THOMAS B. SMITH.

We endorse the above, May, 1874.

SMITH & McDOUGAL.

63 CORTLANDT STREET, NEW YORK,  
June 20, 1864.

For the past eight years we have had all new fonts of type coppered by the NEWTON COPPER COMPANY. Many of these fonts are still in active service and in fair condition, although we use cylinder presses almost exclusively. We think no job printer can ever be repaid for his outlay in the purchase of script and fine ornamental types unless he has them Copper-faced.

FRANCIS HART & CO.

We endorse the above, May, 1874.

FRANCIS HART & CO.

In estimating the Cost of Copper-facing at the following prices, the Quadrats and Spaces—usually one-fifth of the weight—must be deducted, as the Letter ONLY is Copper-faced, which makes the Cost of Copper-facing less than Eighteen per cent. advance at present prices on the Type-Founder's bill.

#### PRICES FOR COPPER-FACING TYPE.

For all Fancy Type, Twenty per cent. of Type Founders' Prices.

Parties desiring their Type Coppered, are requested to bear in mind that WE ARE NOT TYPE-FOUNDERS, that WE NEITHER BUY NOR SELL TYPE, but COPPER-FACE IT ONLY, at the order of Printers or Type-Founders. They will therefore direct the Founders with whom they deal to send their Type to us, (the Patentees) to be Copper-faced, which, when finished, will be forwarded at once to its destination. Payment can be made to the Founders, or directly to this Company.

SAMUEL ORCHARD, Secretary.

**Goldsmith Warren H.**, Instructor in Scovil's System of Stenography.

The distinctive features of this system are : 1st, That it provides a character for each letter of the alphabet, without shading, as in the Pitman method. 2d, The vowels are not represented by minute dots or dashes, but by straight lines or curves, all of which may be joined to the consonant stems, thus rendering the writing more legible than the ordinary systems. 3d, It is not phonetic, only so far as to shorten the process where silent letters occur, and hence the ordinary orthography answers all practical purposes. A complete knowledge of the system is embraced in a course of twenty lessons, which may be had orally or by letter. Terms on application. P. O. box 1006. Boards Mills' block, corner Main and Union streets. Rooms 176 Bridge street.

## Springfield's Growth.

[From the Springfield Daily Union of June 12, 1875.]

WHAT IS ACCOMPLISHED AND WHAT IS PROJECTED.—A BRILLIANT RECORD FOR A "DULL YEAR."—MANY SUBSTANTIAL BLOCKS AND DWELLINGS GOING UP.—A MILLION DOLLARS TO BE EXPENDED.—THE YEAR SURE TO COMPARE FAVORABLY WITH ANY PRECEDING ONE.

THE building prospects in the city for the present year are much more flattering than many people suppose, and a large number of really fine structures are already in process of construction, or about to be commenced. Wages are low, building material is fully as cheap as it has been for a number of years, and an unusual inducement is thus offered for erecting new dwellings and business blocks. Most of the buildings commenced, early last season, have been completed and are now occupied. The new South Congregational Church, at the corner of Maple and High streets, and Grace Methodist Church, at the corner of Main and Winthrop streets, have been formally dedicated and are used for regular services. All the business blocks begun last year, are also finished and in use. The residences of Mr. A. S. Bryant on Maple street, and Dr. T. F. Breck on Mattoon street, at the corner of Chestnut, are also occupied, and Mr. Marvin Chapin's elegant dwelling on Mattoon street is receiving its finishing touches. The new Episcopal Church, which was commenced last year, on Chestnut street, and on which work was suspended during the Winter, is progressing as rapidly as the heavy nature of the work will admit, and will soon be ready for the roof.

Prominent among the buildings to be built this year, is the iron front structure already begun at the corner of Main and Hillman streets, and which will be built jointly by the Third National Bank and J. C. Parsons and Aaron Bagg. The work of excavating for the foundation was completed some time ago, but a stratum of treacherous blue clay being struck, it was found necessary to drive several hundred piles, each about 25 feet long, into the bed of the cellar before beginning to lay the heavy granite foundation stone. The block will be five stories high, the line of the balustraded cornice being relieved by a handsome pediment, the tympanum of which will be ornamented with rich scrolling. The whole iron front, which is from designs by J. B. & J. M. Cornell of New York, is highly ornamental. The building will have a front of 100 feet on Main street, with three stories and the banking rooms, the entrance to the latter being the northerly door on the Main street side. Each story will be ornamented with perpendicular quoin lines, and an eagle will be placed over the main story of that portion of the building owned by the bank and another on the front of Parsons & Bagg's portion of the block. A profusion of light columns and capitals will aid in decorating the front, and the whole design differs materially from that of any other block in the city. The block will have a depth of 97 feet, and the three stories will be 20 by 85 feet each, the banking rooms having a space of 20 by 94 feet. There will be nine rooms on the second floor, each 24 by 14 feet, two of which will be used by the Young Men's Christian Association, who will also occupy a hall, 47 feet square, on the third

floor. On this same floor will be five other good sized rooms, and twice that number on the fourth floor. The fifth and last story will be left unfinished, for the present at least. The plans, with the exception of those for the iron front, which by the way, will "return" on the pressed brick wall on the Hillman street side, are by G. E. Potter of this city, and the estimated cost of the structure is \$70,000. The Cornells furnish the iron work, and Royal Harrington has contracted to do the brick and stone work. At this writing the wood work has not been contracted for.

Perhaps the next building in importance to be erected is the new Five Cents Savings Bank, which is to go up at the corner of Main and East Court streets, on the site of the old Hampden hall, recently torn down to make room for it. The building will be four stories high, of Philadelphia pressed brick, with granite trimming, fronting 55 feet on Main street, and running back 118 feet to Market street. In the center of the Main street side will be an archway, 11 feet wide, leading to the second floor, and on either side of it on the first floor is to be a bank, the Five Cents Savings occupying the south, and probably the Pyncheon National the north side. Two stores also on the first floor open on Court street, each with a front of 19 feet. The second story will be devoted to one large store, and will be lighted by a large sky-light. The two upper floors will be used for offices, and a water-power elevator will have a place on the Market street side. The plans for the block are by G. E. Potter, and it will cost about \$50,000. It is probable that the work will be done by the day, Royal Harrington superintending the brick, and Charles R. Ferry the wood work.

Two good buildings were erected, last season, on South Main street, just below Union street. The corner structure, built by Warren Mills, is three stories high, with a front of pressed brick, and Ohio stone trimmings, and is 44 by 57 feet. There are two stores on the main floor, and a boarding-house in the upper stories. The cost of the building was about \$20,000. South of and joining this block is D. F. Hale's new building, built by Mr. Mills. It has a front of 67 and a depth of 57 feet, and is three stories high, with three stores on the main floor and six tenements above. The front is of pressed brick with granite trimmings, and it is furnished with all the modern improvements, including excellent sewerage. The cost was about \$30,000.

On the north side of West Bridge street, M. L. Tourtelotte is building a four story block with a front of pressed brick and trimmings of Ohio sandstone. The building will occupy a space of 52 by 105 feet, and have three stores on the main floor and six tenements above. M. C. Sullivan is doing the brick work, and Amaziah Mayo, Jr., the wood work, and the building will cost about \$25,000.

The Wason Manufacturing Company will begin immediately the erection of a brick building on Taylor street, 300 feet long and 80 feet deep. About half of this large structure will have four floors, including the basement, and the remainder two floors. Two floors, and perhaps more of the tallest portion of the building will be occupied by the Powers Paper Company (bridges connecting it with their Lyman street block), and the remainder will be rented for light manufacturing purposes, H. M. Conkey, (in whose mill the late fire broke out,) having taken the extreme easterly end. Fire-proof walls will divide the building into sections 50 feet in width, and it will be otherwise constructed to prevent, if possible, the progress of a serious fire. Two Corliss stationary engines, each of 200 horse-power, will be located in the engine room, and furnish the motive power for the manufactories, and the building will cost in the neighborhood of \$100,000. The brick and stone work will be done by McClallan & Son of Chicopee, and C. L. Shaw will do the wood work.

Newell Brothers, button makers at the foot of Howard street, have found more room for their works an imperative necessity, and are putting up, just south of their manufactory, a brick building, 100 by 40 feet and three stories high, with stone trimmings, to be used, when completed, for the manufacture of rubber buttons. Sanderson & Whittemore are the masons, L. O. Eaton is the carpenter, and the building will cost about \$6,000.

Austin O'Reilly has put up on East Worthington street, a short distance west of

Stearns' Park, a handsome block of pressed brick, three stories high, with trimmings of granite and Ohio sandstone, and a richly ornamented cornice of galvanized iron. It has a front of 21 and a depth of 107 feet, and cost about \$8,000. D. J. Curtis did the brick work, C. L. Shaw the wood work and Edward Helms the painting. On East Bridge street the foundation is going in for the Sovereigns of Industry's new block, which is to be 50 by 85 feet, and three stories high with a basement, a part of which will be used for a store. There will be three stores on the main floor, offices, committee rooms and a lodge room on the second floor, and a large hall for public gatherings on the third. The front will be of pressed brick, with trimmings of stone, and the structure will cost about \$15,000. B. F. Farrar, who will own the block and give the Sovereigns a ten years' lease, does the brick and stone work, and J. M. Currier & Co., the wood work.

A noticeable block, in point of architectural beauty and trimming, is the one which is now being finished for E. A. Perkins and James E. Russell on Chestnut street, at the corner of Worthington street. It is 70 by 63 feet, four stories high, and contains three stores on the main floor, and dwellings on the floors above. It is elaborately decorated with black brick, put in in good taste and has a gravel roof. Royal Harrington was the mason, Joyce & Burnham did the heavy wood work and E. W. Shattuck is completing the finish. The building, when done, will cost about \$24,000.

Henry Smith has just completed a three story block on Elm street, adjoining the westerly end of the building known as Byers' block. John I. Kelley did the brick work and the building cost about \$1,000. The main floor will be used by Dr. John Hooker, the city physician, for an office, and Mr. Smith will occupy the remainder of the building for a residence.

Kibbe's vacant lot, between State and Sanford streets, a favorite stamping ground for circuses for a few years past, is to be covered on the State street front with a one story brick block for Horace Kibbe, containing six stores, each 20 by 70 feet, and constructed with a fire proof wall between every other store. Royal Harrington is doing the brick work, and the building will cost about \$8,000. Mr. Kibbe is busy this season, making extensive improvements to the Marshall House, formerly known as the Allis House, on North Main street. He is completing the adjoining block north of it, six stories high, and it will contain, when finished, two stores on the main floor, with a broad, open passageway between, leading to the counting room of the hotel, in the rear of which will be a restaurant. An elevator inside the building near the northerly wall will communicate with every floor, and the upper rooms of the building will be devoted to the use of guests, giving the hotel some 70 rooms in all. The cost of the entire improvement to the building will be about \$100,000. Royal Harrington does the brick, and Philbrick the wood work. The front of the new part will be handsomely trimmed with Ohio gray sandstone, cut in fanciful design.

North and adjoining this block, Hinsdale Smith has commenced a four story block, to contain four stores, and an entrance to the rooms above. The front will be of pressed brick, with Ohio stone trimmings, and the cost of construction will be about \$35,000. Mellen & Davis are the masons, and H. C. Martin looks after the carpenter work. Just north of and adjoining Mr. Smith's building, C. B. Holbrook is preparing to build a four story block, with a market, 23 feet in front on the main floor. The contract for the work has not yet been let.

Eugene McCarty has nearly finished a four story building on the north side of Liberty street, the front and east walls of brick, and the south and west walls of wood. The main floor will be used for a store, and there will be nine tenements in the upper stories. The building will cost about \$6,000, and is being constructed by D. J. Curtis. The foundation is already going in on Hillman street, for the new block which Mr. Curtis proposes to erect for himself. It will have a front of 44 feet, contain two stores on the main floor, be four stories high, with tenements over the stores, and will cost about \$10,000. The front will be of pressed brick, and will be ornamented with trimmings of stone and iron.

The probabilities as to rebuilding the territory destroyed by the fire of Sunday, May 30, are in a decided state of chaos just at present, but the land, which has been cleared of a large number of old wooden structures, is too valuable, to remain long unoccupied. On Taylor street, besides the already mentioned building, which the Wason Car Company proposes to erect, Mayor Emerson Wight, will rebuild the brick building, formerly occupied by L. L. Fitts, the stair builder, at a cost of \$2,000. Levi Hitchcock, who owned the building, occupied by the Stebbins Brass Manufacturing Company, will undoubtedly rebuild, and Merriam & Frost, have already decided to "phenix" their building, at an expense of about \$8,000. A. B. Abbey contemplates building a block on Worthington street, and the Homestead building will be repaired. Wight avenue, Vernon street, and the site of Hurlbut's block, at the corner of Main and Bridge streets will undoubtedly be rebuilt.

Chester W. Chapin will build, the present season, a wholesale grocery warehouse on the north side of Lyman street, just east of the Agawam bank building, for Downing & Sturtevant. It will be a heavy affair, of brick, 50 by 72 feet, three stories high; will be fitted up expressly for the uses to which it is to be applied, and will cost about \$12,000. The plans are being made by Jason Perkins, and Amaziah Mayo will do the work.

Not the least noticeable among the new structures in Ward One is the Engine House on Bond street, begun early last season, and now being finished by Joyce & Burnham, the entire cost being about \$14,000. It is well constructed and neatly ornamented with brick trimmings, and has capacity for a steamer, hose carriage and a hook and ladder truck. A hose tower of good proportions and design, ornaments the top, and gives the exterior a finished air.

While the number of new blocks is large, the repairs and improvements to many of the older ones are extensive. The old bowling alley building on Lyman street has brightened up wonderfully under an expenditure of \$15,000, by Anthony Hanrahan. A handsome porch ornaments the main entrance, and the principal floor is devoted to a richly furnished bar-room. The walls and ceiling are sheathed in ash, ornamented with carvings of black walnut. Heavy plate glass windows light the establishment, and the upper floor is used for a bowling alley. J. J. Linnehan is expending about \$3,000 on his Worthington street saloon, and a large brick addition is being constructed at the rear of it by D. J. Curtis. This will be fitted up for a bar room, and the front portion of the original building devoted to billiard tables.

Simpson Clark, stove dealer and tin ware manufacturer on East State street, is extending his block through to Stockbridge street, by the addition of a three-story brick building, 75 by 35 feet, and the wooden dwelling on Stockbridge street has been removed to the corner of Orchard and Hanover streets to make room for it. This will give Mr. Clark a commodious store, running from State to Stockbridge streets. The tin works over the present store will be moved to the upper stories of the new part, and the rooms now occupied by them fitted up for tenements. The cost of this improvement will be about \$8,000. Howe & Hawkes are the masons, and Peter Delier, the carpenter.

The Hooker school-house on North Main street, partially destroyed by an incendiary fire, on Sunday, June 6th, is to be repaired and refurnished, at a cost of about \$15,000. Some changes in the interior arrangements of the rooms will be made, and school No. 9 will probably be placed on a lower floor.

The First Baptist Society will erect, this Summer, at a cost of about \$5,000, a handsome brick chapel at the corner of North Main and Essex streets on land given by Jared Beebe for the purpose. The plans for the structure were destroyed in the shop of Rogers the carpenter on Taylor street, during the fire of May 30th, and a new set will be made by E. C. Gardner. A chapel is also proposed for the school known as the York Street Mission, to be built on Marble street, at a cost of about \$4,000. Trinity chapel on Ringgold street has been undergoing a material enlargement.

The number of first class dwellings in various stages of construction is unusually

large. B. F. Farrar, who has greatly improved the appearance of several of our streets, is doing considerable work this season. On Central street he is adding 216 feet to the easterly end of his handsome block of tenements, making nine new houses, each containing two tenements. The addition will be precisely like the original block in finish and height, and will cost about \$62,500. Mr. Farrar does the brick, J. M. Currier & Co., the wood work, Handyside & Jarrett the plumbing, and H. Powell the painting. Five of the houses have already been disposed of. On Mattoon street, Mr. Farrar is putting up a block containing four first class houses. The building is three stories high, with bay windows, and the same parties are doing the work as on the Central street building. The structure will cost about \$13,000. Daniel McCauley is building a handsome brick house, also on Mattoon street, for Albert A. Adams. It will be first class in every respect, and will cost about \$15,000. Mr. McCauley has recently completed on Bond street, a neat brick block, three stories high, with a basement, the whole containing four houses and costing \$15,000. A two tenement house on the corner of Linden and Cass streets has been commenced by James & Marra, to cost about \$7,000, and L. C. Sheldon is the builder. R. W. Gardner has just completed a block of eight tenements on Morgan street, at a cost of \$14,000. B. F. Farrar is remodeling the large house on East Bridge street, recently purchased of George E. Page, and will convert it into three tenements.

One or two first class dwellings have been built at the south end of the city, the past season. At the corner of Randolph street and Sumner avenue, O. S. Greenleaf has erected a \$6,500 house, two and a half stories high, from plans furnished by E. C. Bailey. John N. Cooke did the carpenter work, Abel Howe the masonry and H. Powell the painting. Mr. Bailey has built for his own occupancy a cottage on Jackson street, costing \$5,000, and will soon erect a Swiss cottage on Sumner avenue at a similar cost.

During the past season probably no section of the city has been so greatly improved and built upon as the locality in the vicinity of Lake Como. Shades of Samantha Sands, what a change has taken place in the aspect of the place where in years gone by thou didst wander, loose and untrammelled, through the primeval forest which skirted the old Bay road and stirred the heart of the deep sequestered wood with row and ruction! At the corner of Thompson and Bay streets, N. I. Hawley has erected a two story dwelling at a cost of \$7,000. William M. Hoag doing the wood work and T. M. Gilbert the painting. On Bay street, near Thompson, E. S. Warren is building a two story dwelling, which will cost about \$4,000. H. A. Stewart is building a neat two story, bay windowed house on Thompson street, costing about \$3,500 and painted by Gilbert. On Westminster street, Buxton, the well-known builder, is finishing a house for Charles W. Rice, that is two stories high with bay windows, and will be worth, when completed, about \$5,800. Sherman street is to be built up rapidly the present season. At the corner of McKnight street, the foundations are in for two new and first class dwellings for J. D. McKnight and N. I. Hawley. One will be a cottage and the other a square house with hip roof.

They will cost about \$3,800 each. East of these structures, and at the corner of McKnight and Catherine streets, L. O. Eaton will build a two-story house, to cost about \$2,800, and J. D. McKnight and N. I. Hawley, will construct one of similar value, on the opposite corner. William N. Hoag and Joseph Hayden, are preparing to build two first class houses also on Sherman street. Edmund Pratt has built a two story, square roof house, on Buckingham street, at a cost of \$3,000, and south of it, is erecting an Italian villa, from plans by E. C. Bailey, at an expense of about \$6,500. Mr. Pratt is also building a two story house on Terrence street, to cost about \$3,000. The property on the southerly side of State street, near Winchester park, where Primus Mason formerly resided, has been completely transformed.

At the corner of State and Hawley streets, W. H. McKnight has built a handsome two story, square roof house, at a cost of \$7,500, Hoag doing the carpenter work, and Gilbert the painting. Just in the rear of Hawley street, Mr. McKnight has built a cottage, the same carpenter and painter doing the work, at a cost of \$3,800. On the op-

posite corner of Hawley and State streets, William O. Collins of Somers, Ct. has built a cottage from plans by C. B. Croft of Saratoga, costing \$6,500, Hoag and Gilbert doing the work. L. O. Eaton has erected a square two story house, at a cost of \$6,000, on the corner of State street and Eastern avenue, for J. D. McKnight, Gilbert doing the painting. An elegant two story villa, with a tower, from designs by Croft of Saratoga, has been commenced on State street for W. W. Norton and will cost \$8,000. On Winchester street, L. O. Eaton has built a neat square, two story house for J. D. McKnight, costing \$2,750. Several other new structures, all of them first class, are in contemplation in this vicinity.

George A. Flagg is finishing a two story wooden dwelling, costing \$1800, on the Boston road, nearly opposite the city hospital, T. B. Keaney is finishing a house and barn, on Florida street for Mr. Sanford J. Hall, Secretary of the Fire and Marine Insurance Company, at a cost of about \$8,000. The house is furnished with all the modern improvements, and is first class in every respect. A. J. Wright, of the same Insurance Company, is completing a brick house and barn, on Bowdoin street, costing about \$16,000. The house is two stories high, with pleasantly located bay windows, and is being well constructed; Spooner & Topliff are the masons, and J. M. Currier & Co., the carpenters. R. C. Searle is putting up a two story dwelling, on Pleasant street, for W. S. Green, which will be worth about \$5,500 when complete.

On the west side of Gray's court D. A. Davis is building a modern two story dwelling-house for Wilson Eddy, at a cost of \$1,500. On Walnut street E. H. Waite is finishing a two story wooden building with a store on the main floor and tenement above.

The Springfield Club House, at the corner of Chestnut and Worthington streets, has been greatly improved inside, about \$2,000 having been expended upon it. The interior of the house has been repainted and decorated, and presents an exceedingly attractive appearance. Hampden Park, with which the club house is readily associated, will probably have one or two new stables near its northerly entrance. Seats capable of accommodating several hundred persons, have been built this season, south of the grand stand, and a semi-circular row of seats at the base ball ground.

The improvements which have been made at the depot are worth a passing notice. New refreshment and waiting rooms, and ticket offices have taken the place of the old and insufficient ones, the tracks have been raised, and new platforms put in. Long semi-circular sheds at the west end of the depot have been erected to protect from sun and rain the alighting passengers from the north and south, and the arches at the sides and ends of the building have been filled and supplied with doors. Within a week or two, the appearance of all the buildings on Railroad street has been improved by re-painting.

Fire escapes are being placed on the Opera House, an improvement which the theater going public will appreciate. Three doors have been cut through on the west end and balconies will be placed on the north and south sides of the building. So much for the sides and rear. The entrance to the parquet can and ought to be made wider, and the narrow passage way at the top of the stairs leading to the street removed, and a broad flight of stairs substituted and the street entrance made wider also.

Lawson Sibley has fitted up the upper floor of the old Universalist Church, corner of Main and Stockbridge streets, for a grain store-house, and may finish off a few rooms for rental on the Main street end. The spire has been removed from the building, greatly changing its appearance. And, speaking of repairs, the large wooden stable on Sanford street, formerly occupied by F. & J. M. Richmond, and owned by Henry Fuller, has been raised up on a brick foundation, is being completely overhauled and rebuilt, and will probably be used for a livery stable again, when the work is finished.

Building is also lively at Indian Orchard, this season. The Chapman Valve Company, who removed thither from Boston, are already at work in their building, the main portion of which is 100 by 35 feet and three stories high, with a one story ell 35 feet square. The foundry is one story high, and 70 by 40 feet. Wight & Chapman

are finishing a brick block, three stories high and 60 by 44 feet, with two stories on the main floor and offices on the second. The upper story will be fitted up for a hall. McClallan & Son of Chicopee are doing the brick work. The same parties have commenced a two-story block, 38 by 24 feet, with an ell, 22 by 20 feet, with one store on the main floor and tenement above. Work on the addition to mill No. 2 is progressing favorably. The new part is 74 feet long and four stories high, and the upper portion of the original mill will also be raised. A new cottage is going up on Oak street, for William Converse.

So it would seem that Springfield takes no step backward, this year, nor does she stand still and wait for smaller cities of the Commonwealth to catch up with her. The facts which we have collected above, abundantly sustain the assertion that in no previous year,—not forgetting the spasmodic growth of the city during the war,—has Springfield improved more, outwardly and visibly, than she will during 1875. We have shown where something like a million dollars is being or is to be expended, and although, as we have said, wages are low, yet no mason, or carpenter, or painter, who understands his business will be out of work, the whole season through; and that surely is better than larger pay and half-time idleness.

## New West Springfield

IS to all practical intents and purposes a part of the city itself. Though separated from it by the Connecticut and without the advantages and disadvantages which attend a city government, its business interests are identical with our own, and while it may be many years yet before Springfield will leap the natural barrier which forms its western boundary, its working classes, especially those in the employ of the railroad corporations, will more and more turn their attention to the west side, as a desirable place of residence, real estate there will pass more and more into the hands of city capitalists and our churches and other organizations will yet more largely influence its people and its institutions.

The impulse to the recent growth of New West Springfield was given largely by the action of the Boston and Albany corporation in removing their freight yard and round houses to the west side of the river. Many employes of the road at once found it for their interest to reside there, while public attention was drawn in that direction, and some of our shrewdest real estate speculators were prompt to avail themselves of the opportunity. The second round house has lately been completed, the two accommodating about 100 locomotives.

Though somewhat sensitive just now to the general depression of business, the past two or three years have witnessed a growth in New West Springfield equal to that of any part of the city. The sum expended in the erection of new buildings within that time approaches very closely to half a million of dollars, and perhaps exceeds that amount. During that period fifty-five houses have been erected on the eighteen acres of the old Merrick farm, now known as School, Merrick, Russell and Sprague streets, which was purchased by M. L. Tourtellotte of this city, in 1872, about half of them

built by Mr. Tourtellotte himself, and all ranging in value from \$3,000 to \$5,000. Besides these Mr. Tourtellotte built an \$8,000 block on Main street. Whitman Allen has also built several houses besides his elegant block on Union street, which cost some \$18,000. Within the past year, too, Sackett & Reynolds have built three houses on the south side of the dyke, three or four have been erected on New Bridge street, five on the Meadow road, leading to Agawam bridge, and a like number on Norman street. On the former, too, E. W. Clarke, the Springfield florist, put up two spacious green-houses last year in addition to one built in 1873. None of the houses above mentioned cost less than \$2,000, and most of them \$3,000 and upwards. The splendid Main street residence of George A. Hill of this city, built in 1873, at a cost of between \$33,000 and \$34,000 is specially entitled to notice, and several houses costing from \$8,000 to \$10,000, have been built in the neighborhood of the common. Within the same period come several fine public buildings, the new town hall erected in 1873 at an expense of over \$30,000, the new school-house, costing \$18,000, the Mission Chapel of Christ's (Episcopal) Church of this city, costing some \$6,000, and soon to constitute an independent parish, as the Church of the Good Shepard, and the Mission Chapel of the Springfield State Street Baptist Society, which cost about \$5,000. Just now the town is engaged in introducing an extensive system of sewerage, for which about \$30,000 has already been appropriated, and perhaps as much more will be needed. Goodhue & Birnie of Springfield, are laying the pipes for an ample water supply, which is drawn from Darby's brook, a half mile west of the center. The West Springfield Water Company is peculiarly fortunate in this matter, the water being of almost absolute purity.

This season will witness much less building than the past two years, but several houses are in process of erection and a number of building lots have been recently purchased which will soon be occupied with handsome dwellings.

## CHICOPEE

WAS once a part of Springfield proper, and now so closely allied to it in its business and social relations, as to still make it substantially a prominent branch of the growing family which cling to "the old folks at home." It has, nevertheless, a name and fame of its own, most worthily won, and in point of industry, enterprise and intelligent thrift, ranks among the first New England manufacturing towns.

We append a brief sketch of many of its prominent industries and business establishments:

### THE DWIGHT MANUFACTURING COMPANY.

Of the manufacturing interests of Chicopee, the Dwight Company is the most important, occupying seven large mills, and furnishing employment, at the present time, to 1,500 operatives. It was organized about 1833, with a capital of \$1,200,000 which has remained unchanged to the present time. The first mill was begun July 15, 1833; the last one, June 8, 1844. Originally, there were three separate corporations, but these were early combined in one. The total number of spindles, now in operation, is 110,000, of looms, 2,671. The stock is nearly all owned in Boston, as it has been from the first, and the avowed policy of the management is, to allow the outside world the least possible knowledge of their affairs. John A. Vernon of Boston, is president, Charles W. Freeland of the same city, treasurer, G. W. Bedlow, agent, and Minot, Hooper & Co. of Boston and New York, are the selling agents.

### THE AMES MANUFACTURING COMPANY.

Second in magnitude of its operations, though first in public interest, is the Ames Company, located on the Chicopee River, just above the Dwight Company's mills, and close by the Center Depot, on the Chicopee Falls branch. It was organized in 1842, with a capital of \$30,000, James T. Ames and N. P. Ames, of Chicopee, and J. K. Mills, Edmund Dwight, founder of the Dwight Manufacturing Company, and Ignatius Sargent of Boston, being the principal Stockholders. Mr. Dwight was its first president. Its early history shows a steady growth and repeated enlargement of its capital, until in 1850, it reached the sum of \$250,000, its present figure. During the war, from 1500 to 1600 hands were employed, and large supplies of cannon, swords, and projectiles were furnished the government. In 1867, a change in the management occurred, Messrs. Emerson Gaylord, T. W. Carter and E. O. Carter, of Chicopee, securing, with Mr. James T. Ames, a majority of the stock, and transferring the head-quarters of the Company from Boston to Chicopee.

Mr. Ames, who had previously been the Company's agent, now became its president, and held the position until January, 1872, when Emerson Gaylord was chosen as

CHICOPEE

WAS once a part of Springfield proper, and now so closely allied to it in its business and social relations, as to still make it substantially a prominent branch of the growing family which cling to "the old folks at home." It has, nevertheless, a name and fame of its own, most worthily won, and in point of industry, enterprise and intelligent thrift, ranks among the first New England manufacturing towns.

We append a brief sketch of many of its prominent industries and business establishments:

THE DWIGHT MANUFACTURING COMPANY.

Of the manufacturing interests of Chicopee, the Dwight Company is the most important, occupying seven large mills, and furnishing employment, at the present time, to 1,500 operatives. It was organized about 1833, with a capital of \$1,200,000 which has remained unchanged to the present time. The first mill was begun July 15, 1833; the last one, June 8, 1844. Originally, there were three separate corporations, but these were early combined in one. The total number of spindles, now in operation, is 110,000, of looms, 2,671. The stock is nearly all owned in Boston, as it has been from the first, and the avowed policy of the management is, to allow the outside world the least possible knowledge of their affairs. John A. Vernon of Boston, is president, Charles W. Freeland of the same city, treasurer, G. W. Bedlow, agent, and Minot, Hooper & Co. of Boston and New York, are the selling agents.

THE AMES MANUFACTURING COMPANY.

Second in magnitude of its operations, though first in public interest, is the Ames Company, located on the Chicopee River, just above the Dwight Company's mills, and close by the Center Depot, on the Chicopee Falls branch. It was organized in 1842, with a capital of \$30,000, James T. Ames and N. P. Ames, of Chicopee, and J. K. Mills, Edmund Dwight, founder of the Dwight Manufacturing Company, and Ignatius Sargent of Boston, being the principal Stockholders. Mr. Dwight was its first president. Its early history shows a steady growth and repeated enlargement of its capital, until in 1850, it reached the sum of \$250,000, its present figure. During the war, from 1500 to 1600 hands were employed, and large supplies of cannon, swords, and projectiles were furnished the government. In 1867, a change in the management occurred, Messrs. Emerson Gaylord, T. W. Carter and E. O. Carter, of Chicopee, securing, with Mr. James T. Ames, a majority of the stock, and transferring the head-quarters of the Company from Boston to Chicopee.

Mr. Ames, who had previously been the Company's agent, now became its president, and held the position until January, 1872, when Emerson Gaylord was chosen as

his successor, and held the place until last January, when, a majority of the stock having been previously purchased by Clifford Arrick, of Washington, D. C., and Mr. A. C. Woodworth, son-in-law of Mr. Ames, there was another change in the management, and Mr. Arrick was chosen president, Mr. Woodworth agent, A. G. Bowles, of Boston, treasurer, and Messrs. Arrick and Woodworth, with Nathaniel Hooper, of Boston, A. G. Dexter and James T. Ames, directors, with E. O. Carter as clerk. A short time before his death, Hon. Samuel Hooper, of Boston, purchased a large interest, his stock being subsequently bought by Messrs. Arrick and Woodworth.

The new president will be remembered for his sharp contest with General Dyer, two or three years ago, and is best known in military circles as the owner of the Eureka projectile which is now being tested by the ordnance department at Washington; so far with very satisfactory results. Should the government approve this projectile, its manufacture will be brought to these works and insure a material increase of the present working force of 350. At present the Company is manufacturing bronze statuary, for which the works are widely noted, fancy swords of which from 50 to 100 per day are produced, machinists' tools and special machinery. The whole history of the Company has been a prosperous one, the dividends from January, 1847, to April, 1871, aggregating 432 per cent. During the war and immediately after they ranged from 20 to 35 per cent.

#### THE GAYLORD MANUFACTURING COMPANY.

The Gaylord Company, manufacturers of cabinet locks and malleable iron castings, are located just above the works of the Ames Company. Their corporate existence dates back only from 1863, but their business dates back to 1856, when Emerson Gaylord, who for fifteen years previous had been employed as a workman and contractor for the Ames Company, bought out its interest in the manufacture of military accoutrements, fire hose and leather belting, and set up for himself, employing only three or four hands. In July, 1859, he received the contract for the construction of all the mail bags used by the general government, a contract renewed in 1863 and again in 1867, and this at once gave a great impetus to his business. At the opening of the war the government called upon him for supplies, a new mill was erected, the working force increased to 400, and every nerve strained to meet the demand. Growing out of this came the organization of the Company having a capital stock of \$100,000, with Emerson Gaylord as president, Jerome Wells as treasurer, and Messrs. Gaylord, Wells, T. W. Carter, James T. Ames and E. N. Snow as directors. Like most institutions of the class they reaped a rich harvest from the war, and after it was over were in good shape to undertake the manufacture of cabinet locks, a difficult and rarely successful work, but one in which their success was all that could be wished. They now make over 2,000,000 locks per year, in 350 styles. The Company has undergone few changes. Sereno Gaylord, brother of Emerson, succeeded Mr. Wells as treasurer in 1864, and was succeeded by A. F. Gaylord, son of the president of the Company, in 1870. The firm at present employ about 60 hands. James L. Pease is agent of the corporation.

#### S. BLAISDELL, JR. & CO.

A business wonderful in its growth, and remarkable in its prosperity, is that of S. Blaisdell, Jr. & Co., whose modest office is close by the Chicopee Junction Depot. Its origin dates back to 1863, when George Mattoon and Andrew Hubbard engaged in the cotton waste business, at Chicopee Falls. Mr. Hubbard died not long after, and in 1865 it was removed to Chicopee, and Mr. Mattoon continued the business alone, until 1868, when S. Blaisdell, Jr., joined him, the firm name being Mattoon & Blaisdell, and so continuing until Mr. Mattoon's retirement in May, 1872. At the time the new co-partnership was formed, the firm had a capital of \$10,000, and did a yearly business of from \$30,000 to \$50,000. In less than two years, this was increased over 100 per cent, and the two following years saw it again doubled. Since that time, its growth has been even more

rapid, and during the twelve months ending April 30, 1875, the sales aggregated more than a million of dollars, those for the last three months of it reaching the sum of \$350,000. The capital stock is now \$150,000. The freight bills of the firm for the year, were upwards of \$37,000; their telegraph bills, 75 per cent of the total business of the town. The cotton waste business has long been one of secondary importance, their trade being principally in cotton itself, which they receive direct from the cotton sheds, through every port in the South, from Norfolk, Va., to New Orleans and Galveston. They make a specialty of supplying extra fine cotton to manufacturers of fine underwear, and deal largely in fine waste, to be mixed with wool for spinning purposes. They do likewise a considerable business in paper stock and paper, and anticipate, for the coming year, a trade largely in excess of anything hitherto. The firm at present consists of the three brothers, S. Jr., Charles M. and George A. Blaisdell.

#### CARRIAGE MANUFACTURING.

Half a mile west of the Chicopee Junction Depot of the Connecticut River Railroad, and in plain view of it, is the extensive carriage manufacturing establishment of Edson Clark. The business was started about twenty years ago, in two buildings; one sixty feet in length, and two stories in height, and the other sixty-five feet long, and a story and a half high. The works at present occupy four separate buildings, two and three stories high, and respectively, one hundred by twenty-five feet, ninety by twenty-five, eighty-five by twenty-five, and sixty-five by thirty-five. About thirty men are employed, and the business done exceeds that of any other carriage manufactory in the State, outside of Boston, amounting yearly to something more than \$40,000. All sorts of light work, buggies, carryalls, etc., are built, and nothing is allowed to go out which is not in every respect first-class work. Most of the workmen are employed steadily, year in and year out, instead of being discharged at the close of the busy season, insuring a reliable force of competent men at all times.

In the same line is the establishment of W. H. Gilmore, at the intersection of Summer and Cross streets, just outside the business section of Chicopee. A single small building, now used as a wood shop, sufficed for its beginnings in 1842, since which it has been three times enlarged, and the two or three hands, at first employed, have been increased to from eighteen to twenty-five, according to the demands of the season. Formerly Mr. Gilmore was engaged largely in building heavy wagons, his goods having the very highest reputation, and being sold largely at the South. Recently he has confined himself principally to lighter work, his sales some years reaching \$40,000 or more, but has never sacrificed his reputation for perfect material and honest work. His goods are mostly marketed in this vicinity, though occasional sales are made at the West and South, and some have been sent as far off as California.

#### BYRT & BULLENS.

Byrt & Bullens, tanners and curriers, do business on the bank of the Connecticut river, opposite the Chicopee Junction depot, and have been so occupied for the past twelve years, employing from five to ten men and using from 100 to 200 sides of leather weekly, mostly calfskins, their business being principally in harness and suspender leather.

#### BOBBINS.

B. Leavitt is one of the oldest, if not the oldest manufacturer in Chicopee, now actively engaged in business, having occupied his present location between the establishments of the Ames and Gaylord manufacturing companies, for more than forty years, his yearly business varying from \$5,000.00 to \$20,000.00. He formerly made both bobbins and shuttles, but for some years past has confined himself to bobbins, supplying the home demand and something beyond it.

#### ATTORNEYS.

At the head of the local bar, is George D. Robinson, for nearly twenty years a resident of the town, a practicing lawyer for the past nine years, and for a like number

previously, principal of the High School. Mr. Robinson was a member of the Legislature of 1874, and was last Fall a candidate for a second term, when he ran largely ahead of his ticket, but failed of an election. His office is in Cabot Hall block.

In the same block is the office of Luther White, for the past five or six years a successful practitioner. He is a young man yet, and has held no public office except that of school committee.

L. E. Hitchcock, who has his office in Kendall's block on Market Square was admitted to the bar about a year ago.

Jonathan Allen, a graduate of the office of E. B. Maynard, of Springfield, has been in practice in Chicopee about eighteen months. He has just opened an office in Burke's new block on lower Exchange street.

H. L. Sherman is also a late comer. His office is with Mr. Robinson.

#### BAKERY.

Chicopee's only bakery is that of W. C. Wedge & Co., who have been in business for the past fourteen years on Center street. As patentees and manufacturers of Wedge's rotary oven, the firm has a reputation far beyond its local limits.

#### BANKS.

The First National, formerly the Cabot Bank, has a capital of \$150,000.00, with a large surplus. The following are its officers: President, Jerome Wells; cashier, F. B. Doten; directors, Jerome Wells, T. W. Carter, Emerson Gaylord, Erastus Stebbins, E. O. Carter. The Cabot Bank was instituted March 1, 1845, John Chase being its first president.

The Chicopee Savings Bank was organized in 1854 with Jerome Wells as president and Henry H. Harris as treasurer. The latter has held his office ever since. Mr. Wells retired at the close of last year. The present official board is constituted as follows: President, George D. Robinson; vice-presidents, E. O. Carter, A. G. Parker, Emerson Gaylord, G. H. Chapman; secretary, George V. Wheelock; treasurer, Henry H. Harris; trustees, Benning Leavitt, J. A. Dennison, George S. Taylor, N. Cutler, John B. Wood, C. M. Kendall, E. Stebbins, Lewis M. Ferry, John Dixon, George V. Wheelock, A. S. Hunter, A. F. Gaylord. The present location is in Kendall's new block, opposite the Town Hall, to which it removed in December last, having previously been kept in the same building with the First National Bank. It has at present 1,250 depositors with an aggregate of \$443,266 deposits.

#### BOOKS, NEWS AND STATIONERY.

E. M. Alden, Merchants' row, is proprietor of the only bookstore in Chicopee, combined with which is an extensive circulating library, and large stationery and newspaper department. Mr. Alden has been engaged in his present business, which he has built up with much energy, since 1870. He is, and has been for many years, the local agent of the American Express Company.

J. Stackpole, an old and esteemed resident of the town, opened about a year ago a news and variety store on Center street. Mr. Stackpole makes the sale and repairing of clocks something of a specialty. He has lately taken a partner, the firm at present being J. Stackpole & Co.

#### BARBER SHOPS.

Three barbers do the legitimate shaving for Chicopee people, Charles H. Blackmer, who has prominent and attractive quarters in Temple's block, R. A. Page and T. W. Cronin.

#### BOOTS AND SHOES.

Prominent in this line is Mr. W. L. Blackmer, who came to Chicopee in 1861, and after four years' service in the employ of the Gaylord Manufacturing Company opened a fancy goods store on the site of the Masonic Hall block. This he sold in 1869, and entered upon his present business on Exchange street. Mr. Blackmer does a large custom business in men's fine work.

Farther down Exchange street J. O'Donnell is doing a considerable business in boots and shoes.

Other prominent dealers are Chapman & Folsom, S. W. Parshley and W. P. Beals.

#### COAL.

Carlos Allen, the popular coal dealer, has his office in Temple's block and does a large business. A. B. Abbey, R. W. Bemis and John Dixon are also engaged in it.

#### CONCRETE PAVING.

Messrs. Mead & Richards are engaged in the business of putting down the popular concrete paving, and will respond promptly to orders from any part of the country.

#### CUSTOM AND READY-MADE CLOTHING.

In the line of custom clothing, Chicopee has something to be proud of in the establishment of J. P. Buckingham, who has been engaged in the business there over 20 years, sometimes, as at present, alone, though more frequently with a partner. He formerly kept a line of ready-made clothing, but now limits himself to custom work and furnishings. Mr. Buckingham usually employs from twelve to fifteen hands.

J. M. Lane and B. Moffit are engaged in the same business.

Hitchcock & Hosley are the only American house engaged in the ready-made clothing business. The senior partner, Harvey Hitchcock, started the business about twelve years ago at the stand now occupied by the firm, and in May, 1866, was joined by Mr. James E. Hosley. They deal to some extent in boots and shoes, and are located in Bullens' block on Exchange street.

#### DRUG STORES.

Chicopee's three drug stores are all of long standing, but the honor of seniority among the present dealers belongs to W. W. Johnson, who has been engaged in the business in Cabot Hall block, on Market square since August, 1861. Mr. Johnson has been a resident of the town for 40 years, and was postmaster during the administrations of Presidents Pierce and Buchanan.

Warren Smith has occupied his present stand on Exchange street for the past ten years. He has been a resident of Chicopee most of the time since 1853.

Hooker & Co. are later comers, occupying the Exchange street store where Dr. Roudez was previously located.

#### DRY GOODS.

The house of Warren S. Bragg & Co., the Company consisting of Jerome Wells and F. B. Doten, cashier of the First National Bank, is confessedly the leading one in the dry goods trade in Chicopee. Located on the corner of Exchange street and Market square, on the site where it was first established by Mr. Wells nearly forty years ago, it occupies three large and commodious stores in Cabot Hall block, one being devoted to dry goods, the second to the carpet trade, and the third to the hardware business. From a yearly business of \$40,000 in 1865, the firm showed one of \$110,000 in 1873, and now count safely upon one of \$100,000 or more yearly.

A. J. Jenks was formerly with Bragg & Co., but went into business for himself on the opposite side of Exchange street, about three years ago. Later he bought out Hale & Oakes and removed to the stand in Bullens' block on the same street, formerly occupied by them, where he is now carrying on a large and prosperous business.

John B. Wood, whose dry goods establishment is located on the corner of Exchange and Center streets, is one of the old business men of Chicopee. He came here in 1850 from Holyoke, having served his apprenticeship in a country variety store in Ireland Parish, and was for thirteen years engaged in the grocery business, after which he entered upon his present line of trade. In both he has been very prosperous. For the past ten years Mr. Wood has filled the office of tax collector.

C. H. Merrick on Exchange street, is the only other dealer of note.

## FURNITURE.

The furniture business in Chicopee is limited to the spacious warerooms of Lafayette Temple in Temple's block on Center street. Years ago the business was carried on by Josiah Whitney, and afterwards passed into the hands of Hosley & Co., Mr. Temple being the junior member of the firm for nine years, and for the past four months sole proprietor. He carries a stock valued at from \$12,000 to \$13,000, and does a large undertakers' and picture frame business. The establishment has always done a safe and fairly remunerative trade.

## GROCERIES.

The Bullens family were the pioneers in the grocery business of Chicopee, and are identified more than any others with its mercantile history. As far back as 1838, the business was established by the four brothers, E., A., I. and I. M., on the site now occupied by Isaac Bullens & Sons, on the corner of Exchange and Cabot streets. Their business was immense for those times, amounting to \$100,000 a year, and they were reckoned the largest retail grocers in the State outside of Boston. Later the brothers separated, each taking a separate line of the business. The junior members of the present firm of I. Bullens & Sons, are I. Newton Bullens, who has been associated with his father for some twenty-three years, and Lewis C., who was admitted to partnership about four years ago. All the American grocers in Chicopee were trained in this store. Bullens & Sons do a large business, and carry a considerable line of crockery.

C. A. Bullens, representing another branch of the family, also conducts a large grocery business near by, and is proprietor of Exchange Hall, which has a seating capacity of about 400.

Carter & Spaulding at present do the largest grocery business in Chicopee, their location on Market square being one of the best in the town, and their business having increased every year since they first opened. The present firm dates back ten years Mr. Carter having been in the business alone for three years preceding.

Other prominent dealers in this branch are P. Rourke, corner of West and Emerald streets, and Lankton & Pond, on Exchange street.

## HOTELS.

The Cabot House, kept for the past eleven years by W. H. Dickinson, is located on Front street opposite the Town Hall, and close by the Center depot. It is well kept, and has a good feeding stable connected with it.

The Chicopee House, kept by Merrick Abbe, is near the Junction depot.

## JEWELRY.

C. F. Kent, near the head of Exchange street, carries a well selected \$10,000.00 stock of watches and Jewelry. Previous to entering on his present business, Mr. Kent kept a drug store for fifteen or twenty years.

E. A. Gallupe occupies a portion of E. M. Alden's store on Market Square, and carries on a watch repairing and general jewelry business.

## LIVERY STABLES.

W. E. Wheeler has carried on a large livery business at his Exchange street stand for the past ten years, and for a year past has combined with it a considerable trade in harness and trunks. He also supplies brass foundries largely with sand for cores, his trade in this line reaching from Montreal to Philadelphia.

W. H. Dickinson's stable, near Mr. Wheeler's, is also an old and prosperous stand as are those of R. Corey in the same vicinity, and Merrick Abbe who is located at the Chicopee House near the Junction depot.

## MEAT AND FISH.

The oldest meat market is that of J. A. Denison & Co. on Cabot street, where it has been established for thirty years or more. Mr. Denison himself withdrew from the

business in 1873, leaving the firm name to the present proprietors, John D. White, W. P. Ferry and A. E. Jones.

J. U. McClench is also one of the veteran marketmen of the town, having been for many years on Center street, and lately in his new block on Exchange street.

W. S. Wood has lately started the business on Center street, where he is building up a prosperous trade.

Stoddard & Stedman have been in the same line for five or six years.

The fish and oyster business is carried on by Quimby & Beckwith who, not long since, bought out George Barrett's old stand on Exchange street, and by N. Cleveland who opened last September on Center street near the head of Exchange.

## MILLINERY.

Misses A. & A. McQuade have not been long in the millinery business, but are building up a large and prosperous trade at their establishment in Dixon's block on the corner of Exchange and Dwight streets.

Other millinery houses are those of Mrs. A. B. Bagg, Miss A. J. Fuller, John Colby, Mrs. I. F. Connor and J. & M. Follis.

## PAINTERS.

W. D. Manchester & Co., Center street, do all kinds of painting and decorative paper hanging. Mr. Manchester has been engaged in the business for eight years, most of the time without a partner, and has prospered.

Frank O. Dayton has opened a shop this Spring on Exchange street. He was, for about two years with Mr. Manchester and pursues the same general line of business.

## PHOTOGRAPHER.

The only established picture gallery in Chicopee, is that of W. S. Butler, on the corner of Exchange and Cabot streets, an old and prosperous stand.

## PLASTERER.

Few men of any station in life, are more highly esteemed than the veteran, Michael McDermot, who resides on Spruce street, and is responsible for a great many first-class jobs performed during the past ten or fifteen years.

## PRINTING.

G. V. Wheelock, the only job printer in Chicopee, is located in Cabot Hall block, does good work, and keeps two men steadily employed.

## RESTAURANT.

The need of an up-town restaurant has been met by Mr. C. N. Manchester, who has just opened on Center street, nearly opposite Temple Block, the most finely fitted up dining-rooms the town has yet known.

## STOVES AND TINWARE.

H. Cogswell has been for the past six years located at the old stand, on Exchange street, where William G. Bliss, for a quarter of a century previous, carried on the stove and tinware business. Mr. Cogswell came originally from Keene, N. H., and before going to Chicopee, had charge of the work department of D. B. Montague's establishment at Springfield. He manufactures tinware extensively, and does a large business otherwise.

A. M. Moore, successor to Southworth & Moore, is located, in a handsome brick block, on the north side of Exchange street, and divides the stove trade with Mr. Cogswell. This establishment, like that of the latter, dates back a number of years, though it has passed through several changes, Mr. Simon G. Southworth retiring from the firm about a year ago.

THE UNITED STATES ARMORY, on State street, is described on page 60. Principal entrance to the grounds, corner State and Byers streets. Passes are required for admission to the arsenal or shops, and may be obtained at the office. Visitors see here the most perfect works for gun-making, great stores of arms, many mementoes of war, (including marks of the fight here in the Shays rebellion) and views of the surrounding country from the top of the arsenal.

THE CITY HALL, fronting Court Square, erected at an expense of \$100,000, ranks among the finest buildings in New England. It has an audience room capable of holding 3,000 persons, and accommodations for most of the city officers.

THE CEMETERY, in the south-easterly part of the city, has its main entrance from Maple street, near its junction with Central street, with an entrance for carriages also

## Chicopee Falls,

AT once busy, bustling and bright, and a prominent and promising part of the town of Chicopee, as it is, is well entitled to a separate Directory of her people and business; to a map of her streets, and to special mention of her prominent manufacturing and business establishments.

### NOTES ON THE MANUFACTURING AND MERCANTILE INTERESTS OF CHICOPEE FALLS.

The Belcher & Taylor Agricultural Tool Company have extended their reputation as builders of good tools for farmers, to distant parts of the country. The works are located on the north bank of the Chicopee River, which furnishes the power required for the whole village. This Company manufactures Bullard's hay tedders and rakes, and Stoddard's new balance rake. They also make garden barrows, and that popular cylinder plow formerly made at Greenfield, Mass. The New York feed cutter is one of their specialties, while other implements needed on the farm, such as horse hoes, tobacco ridgers, corn shellers, vegetable cutters, road scrapers and warehouse trucks are included in the variety of goods made by this well-known house. Perhaps the self-sharpening feed cutter is as curious and practical as any implement of this age. The Company have sold over thirty-six thousand of them and still the demand is great. The Company also make the conical or silver medal plow, and the right hand corn sheller, the latter shelling corn as easily and rapidly as other shellers when worked by two hands. George S. Taylor is the agent, who resides at Chicopee Falls.

Just across the road, on the same side of the river, stands the gun manufactory of J. Stevens & Co. Here are made all kinds of sporting rifles, shot guns, pistols, blunderbusses, etc. The new sporting rifle, the invention of Mr. Stevens, is a very valuable gun. There is a shot-gun barrel which can be used in place of the rifled one. Stevens & Co. manufacture a very fine breech-loading shot gun, and pocket rifles with barrels from six to eighteen inches long. We have seen some of the targets perforated by the shots from his rifles, in one case as many as fifty shots within a space of three inches radius, from a distance of four rods. J. Stevens & Co. send these guns to the far West and to the Canadas, there being much demand for them among hunters and sporting people.

B. & J. W. Belcher have their works on the south side of the river. These parties are successors to the old and well-known firm of Whittemore, Belcher & Co. A specialty of this Company is their new lever cutter, patented May 25, 1875, a cut of which can be seen in another part of this book. They also make hide roll, hay cutters with both spiral and straight knife, and various kinds of corn shellers. The celebrated Does' plow, with convex mould-board, is made here, and also here is to be found the A 100 swivel plow that has taken so many premiums in plowing contests. As you walk through their shops and warehouses, you see cultivators, harrows, road scrapers, wheel-barrows, etc., finished and being shipped to market.

In the line of agricultural tools, Chicopee Falls has a reputation very flattering to the enterprise of her manufacturers, even in the most distant parts of the country.

Our grandmothers would look with astonishment upon the machines for knitting stockings, could they walk into the manufactory of the Lamb Knitting Machine Company, located at Chicopee Falls. Here are made thousands of that most useful machine, whose skill in knitting stockings has well-nigh banished the old fashioned knitting needles from the land. With one of these machines, hose, gloves and mittens are knit without a seam. It takes only thirty minutes to knit a pair of socks. We learn that this Company have sold over 20,000 of these machines, and that they are to be found in every corner of the land. Another very useful article is also made by this Company, and that is the Dover egg beater. Over 800 gross of these little implements have been sold, and we never knew a housewife who did not say they were just what was wanted in the kitchen. Marion Harland gives this beater great praise in her late work, "Breakfast, Dinner and Tea." She says: "I do not know whether 'Dover' stands for his name, that of the manufacturing company, or the place in which it was made. 'Dover Egg Beater, patented 1870,' is stamped upon the circumference of the iron wheel. I know nothing more of its antecedents, but if I could not get another, I would not sell mine for fifty dollars."

One of the neatest and pleasantest bleacheries we ever visited is that of Anderton & Dunn, at Chicopee Falls. This enterprising firm have been fortunate in finding a spring of remarkably pure water, and have located their buildings so as to get the full benefit of this spring. For some time past this bleachery was confined to the bleaching of cloth produced at this place, and the superior cotton flannels from the Chicopee Manufacturing Company, which took the lead in the New York market on account of their purity and whiteness, owed their distinction to the bleaching they had received by Messrs. Anderton & Dunn. They are now prepared to do bleaching for all manufacturers, and are receiving orders from Holyoke, Indian Orchard, and other places. They are rapidly extending a very enviable reputation as bleachers.

The Chicopee Manufacturing Company is the largest of those at this village. Here are made shirting, sheetings, flannels, cotton flannels, quilts, printers' cloths. Their machinery is so varied that they can make cloth from twenty-eight inches to three and one-half yards in width. There are 1,200 hands employed. The main building, 438 feet long by 94 feet wide and four stories high, was erected in 1874. The Picker building is 100 feet by 40 feet. These are flanked by other buildings. The total productions for six months previous to June 1st, 1875, were five and one-half millions of yards. The yearly productions are about 11 million yards. J. W. Osgood is the agent, having been elected in 1872 as successor to Ezekiel Blake, who acted in that capacity for twenty-six years. The treasurer of the Company is Henry Saltonstall, 15 Chauncey street, Boston. Selling agents are: E. R. Mudge, Sawyer & Co., 15 Chauncey street, Boston, and 43 White street, New York.

The Massachusetts Arms Company located here have derived a national reputation for the manufacture of arms in the time of the great rebellion, and especially on account of the success of the Maynard Rifle, which has been made by this Company. T. W. Carter, agent for the Chicopee Manufacturing Company previously to 1846, has since that date been identified with the Massachusetts Arms Company, being one of the founders of the same, and now treasurer. This Company manufactures Maynard's central fire breech-loading rifles, also Maynard's shot guns. They have patented a new model called the model of 1873, by which they can use Parker's central fire re-loading cartridges in place of the nipple and cap, together with an arrangement by which the hammer and firing pin are held in position so as to secure the arm from premature discharge. Some targets which had been shot at by this rifle were shown us, and we found that W. P. McFarland, the superintendent, had placed every one of ten shots within one inch of the center (many of them in the center) at a distance of four rods.

The latest organization here is the Chicopee Falls Savings Bank. The banking room is in the old office of the Chicopee Manufacturing Company. The bank was incorporated last Spring. The officers have but lately perfected arrangements for commencing business. Josiah W. Osgood is president; E. T. Paige, secretary; and A. P. Chapin

treasurer. A full list of trustees and other officers can be found on another page. It is a matter of congratulation that the prosperous village of Chicopee Falls has organized a Savings Bank, and it will not be many years before a discount bank will be much needed.

The Falls village is well represented by those engaged in mercantile pursuits. The principal merchants of the village are mentioned elsewhere in this book, but a word or two of particulars may be interesting to the reader.

Hall & Camp at the "old Hubbard stand," can take credit in the age and fine reputation of their house, it having been known as one of the best for the past thirty years. They make a specialty of doing fine custom clothing work, and claim to have the largest stock in the village.

Eugene Munn, a dealer in dry goods, groceries, etc., has a pretty store opposite Wildes' Hotel, and cultivates a taste for flowers as well as business, his veranda displaying pretty goods but still more pretty flowers.

H. S. Newell takes to the substantial, such as meats, fish and vegetables, and supplies a portion of the town with that essential thing, good food.

J. P. & P. O'Callaghan are cautiously building up a trade in boots and shoes.

N. R. Wood provides the farmers and every one else with agricultural tools as well as groceries and crockery, and finds low prices not a bad investment in these times.

Darling & Morgan, though on a quiet street, have taught people by the quality of their dry goods, groceries, crockery and hardware to seek them, and their busy store speaks well for the proprietors.

A. W. Page at the post-office, finds time to attend to the duties of a government official, and to supply the village with the papers and periodicals, and still a little time every day to show up his good watches and elegant jewelry to his customers.

William Blake looks into the future and sees a snow-storm six months ahead, and providentially puts coal into his neighbors' cellars.

George Wallace can always be found at his post of duty, which is his busy tin and stove store. He has everything which his neighbors need when they wish to burn Blake's coal, and tin ware enough for all the cupboards in Chicopee.

Desotell & Prairie, though their names have a foreign air, are live Yankees if we may judge by their business activity, and they are furnishing a good variety of dry goods, groceries, crockery and vegetables, &c.

Edgar T. Paige finds time to run a telegraph office, in the interval of selling drugs and medicines to the sick, and fancy and toilet articles to the well. His chemicals, dye stuffs and Shaker herbs, with a hundred other articles, crowd his little store with everything the people want, and if he don't have just what you ask for, he has but to tap that telegraph wire and the goods come in on the lightning express.

P. W. Smith will have the best grades of clothing, and is a deadly enemy to shoddy in all its forms. He has the New Jersey shoe, which other dealers don't have, and in this cold climate he finds a good stock of shirts and underwear for gentlemen a profitable thing at the Falls. Should any one get into a dispute with his neighbor (which of course is very rare in so well ordered a community) about boundary lines, he has but to call on P. W. Smith, who has a chain and all the other instruments for surveying, and the parties soon learn "never to differ any more."

When you are getting your groceries at Darling & Morgan's, don't forget that D. M. Cook is in the next store, with meats and vegetables, and can save you many steps.

R. Gardner is up-stairs, but that don't prevent him from taking your measure and dressing you up in one of his custom-made suits.

Elias C. Terry keeps those stoves and ranges, cave troughs, &c., to sell. He don't mean to house them long.

Would you ride? Try one of those fine teams of G. M. & F. H. Morton, near the hotel, and by-and-by, after you have returned and spied his new coal yard, think of the money you will save by buying your coal in summer, and give them an order. It is well to remember, also, that F. H. Morton is deputy sheriff, and conduct ourselves with sobriety in his presence.

## MAYNARD'S PATENT Breech-Loading Rifles & Shot Guns!

Improved Central Fire Cartridge.

- A. Loader. C. Cartridge Case.  
B. Bullet. D. Loading Block.

CALIBRE OF RIFLES AND SHOT GUNS.

TO SPORTSMEN.

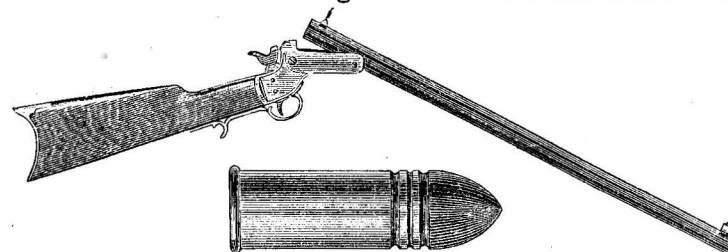

*Letters Patent;* recently secured by the inventor of the celebrated Maynard Rifles, have enabled the manufacturers to perfect and offer to the public a model of these arms, securing, in addition to their acknowledged superiority in accuracy and range, further facilities for safety, rapidity and certainty of fire, and convenience, making it in all respects the most desirable and effective sporting arm in the market.

These improvements include the use of Parker's patent central fire re-loading cartridges, in place of the nipple and cap, together with an arrangement by which the hammer and firing pin are held in position so as to secure the arm from premature or accidental discharge.

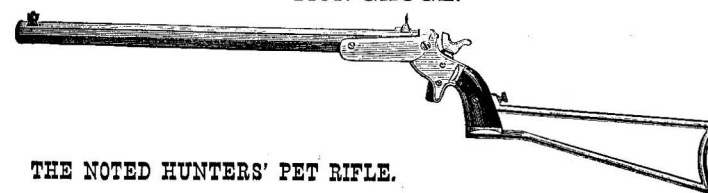

*Illustrated Circular and Price List Free.*

No other invention affords so profitable employment for woman. It not only emancipates her from a tedious and time-wasting toil, but it creates for her, at the same time, a new and Independent Occupation. No woman who has tried the resources of her own labor, and found, as she must have found, almost all the avenues to profitable industry closed to her sex, will need to be told that to her such an invention is invaluable.
